Making Cult Connections:

Making Cult Connections Rye,1994-01-01 **The Emotional Manipulator: Navigating Online Connections** Ant Vex, Dive into The Emotional Manipulator Navigating Online Connections a gripping expos on how influencers craft viral content exploit trends and manipulate emotions for engagement From the ringmasters behind the scenes to the clowns we never knew we needed this book unpacks the psychology of online influence fear based marketing and cult like followings with brutal honesty and sharp analysis Perfect for digital natives social media professionals and anyone curious about what really drives online behaviour Learn how trends become tools how sadness becomes strategy and how authenticity is often just another performance This is your essential guide to surviving and seeing through the digital circus **The Stalin Cult in East Germany and the Making of the Postwar Soviet Empire, 1945-1961** Alexey Tikhomirov,2022-03-28 This book examines the construction dissemination and reception of the Stalin cult in East Germany from the end of World War II to the building of the Berlin Wall By exporting Stalin s cult to the Eastern bloc Moscow aspired to symbolically unite the communist states in an imagined cult community pivoting around the Soviet leader Based on Russian and German archives this work analyzes the emergence of the Stalin cult s transnational dimension On one hand it looks at how Soviet representations of power were transferred and adapted in the former enemy s country On the other hand it reconstructs spaces of agency where different agents and generations interpreted manipulated and used the Stalin cult to negotiate social identities and everyday life This study reveals both the dynamics of Stalinism as a political system after the Cold War began and the foundations of modern politics through mass mobilization emotional bonding and social engineering in Soviet style societies As an integral part of the global history of communism this book opens up a comparative entangled perspective on the ways in which veneration of Stalin and other nationalistic cults were established in socialist states across Europe and beyond

The Cult Connection Carol A. Dennis,2021-10-07 To some this book will be an inspiration and a guide that sheds light on our current times to others a correction and a conviction Small it may be but powerful and direct This book serves as a study guide for those searching for relevance between our place as Christians and the confusion and chaos of our current times It is a call to the church and its earthly leadership to center their focus and submission to the love and authority of our Lord and Savior It is a warning to all children of God to be wary and watchful for the signs of false teachings prophets and leaders 1 **Making the Easy Billionaires** Ken Akpom,2013-10-15 Making the easy billionaires is a story of a young man whose quest for riches at all costs drove him into the cult where he bargained with the devil and got much more than he expected The novel exposes some of the ills of the Nigerian society in which the worship of money seems to have no bounds

Creating Partnerships with Parents Donald Lueder,2000-10-25 Are you wondering how to nurture a better relationship with the parents of your students This book provides teachers with comprehensive methods to bridge the gap between school and home in order to enhance the development of their students Crossing Borders, Making Connections Allison

Burkette, Tamara Warhol, 2021-01-18 This edited volume explores the scope of interdisciplinary linguistics and includes voices from scholars in different disciplines within the social sciences and humanities as well as different sub disciplines within linguistics Chapters within this volume offer a range of perspectives on interdisciplinary studies represent a connection between different disciplines or demonstrate an application of interdisciplinarity within linguistics The volume is divided into three sections perspectives connections and applications Perspectives The goal of this section is to address more generally the definition s of and value of multi trans and inter disciplinary work In what areas and for what purposes is there a need for work that crosses discipline boundaries What are the challenges of undertaking such work What opportunities are available Connections This section features paired chapters written by scholars in different disciplines that discuss the same concept idea issue For example a discussion of how assemblage works in archaeology is paired with a discussion of how assemblage can be used to talk about style in linguistics Applications This section can be framed as sample answers to the question What does interdisciplinarity look like

Making the American Religious Fringe Sean McCloud, 2005-12-15 In an examination of religion coverage in Time Newsweek Life The Saturday Evening Post Ebony Christianity Today National Review and other news and special interest magazines Sean McCloud combines religious history and social theory to analyze how and why mass market magazines depicted religions as mainstream or fringe in the post World War II United States McCloud argues that in assuming an American mainstream that was white middle class and religiously liberal journalists in the largest magazines under the guise of objective reporting offered a spiritual apologetics for the dominant social order McCloud analyzes articles on a wide range of religious movements from the 1950s through the early 1990s including Pentecostalism the Nation of Islam California cults the Jesus movement South Asian gurus and occult spirituality He shows that in portraying certain beliefs as fringe magazines evoked long standing debates in American religious history about emotional versus rational religion exotic versus familiar spirituality and normal versus abnormal levels of piety He also traces the shifting line between mainstream and fringe showing how such boundary shifts coincided with larger changes in society culture and the magazine industry McCloud s astute analysis helps us understand both broad conceptions of religion in the United States and the role of mass media in American society

Reinvention Made Easy Jim Mathis, 2011-12-01 The new world of work requires tough love and tough questions to ask yourself Choose reinvention over extinction by facing hard business truths Self reinvention is easy Everybody can reinvent themselves in a challenging economy by incorporating the simple indisputable truths in Reinvention Made Easy But even the most creative leaders will find this a personally challenging and value changing read The economy doesn t go up or down it becomes different The realities of your business have changed forever Leaders manage the way they react to change The next year is probably the end of the way we will do business Your business purpose is not determined by you but by the needs or wants that are satisfied when the customer buys a product or service Effective market leaders see themselves from the customer s viewpoint To reinvent yourself you must answer these

questions raised in *Reinvention Made Easy* When will the recession end Why don t people buy what I sell Why does my team hate me Why doesn t my teamwork always work How am I punishing my customers What is costing me more money than making me The answers are so uncomfortable you will be forced to think your way to very last page **Connecting the Isiac Cults** Tomáš Glomb,2022-11-03 Why did Egyptian cults especially those dedicated to the goddess Isis and god Sarapis spread so successfully across the ancient Mediterranean after the death of Alexander the Great How are we limited by the established methodological apparatus of historiography and which innovative methods from other disciplines can overcome these limits In this book Tom Glomb shows that while the interplay of different factors such as the economy climate and politics created favorable conditions for the early spread of the Isiac cults the use of innovative quantitative methods can shed new light and help disentangle the complex interplay of individual factors Using a combination of geospatial modeling mathematical modeling and network analysis Glomb determines that at least in the regions of the Hellenistic Aegean and western Asia Minor the political channels created by the Ptolemaic dynasty were a dominant force in the local spread of the Isiac cults An important contribution to the historiography of the ancient Mediterranean this book answers the specific question of how it happened as well as how can we answer it beyond the limits of the established methodological apparatus in historiography **Eicca - The Connection Creator** Petri Silas,Eicca Toppinen,2023-10-05 At home between worlds Tattered jeans and band t shirts are not the typical attire at the Sibelius Academy But the future soul of Apocalyptica was cut from a different cloth The saga of Finland s most recognized cello player is exciting inspirational and extraordinary When Metallica drummer Lars Ulrich chose his wedding music Eicca Toppinen got the call When Richard Wagner s bicentennial feast required extra zest Eicca Toppinen got the call All the while Eicca led a happy family life raising two sons until his marriage came to an end The separation was not easy yet crucial for his inner growth At twenty Apocalyptica are million sellers Defying all odds they kicked off a global success story by arranging Metallica for cellos Nine albums on their unique crossover keeps gaining momentum Eicca s friend ever since the turn of the Millennium Petri Silas has followed Apocalyptica from day one A professional music writer with a career spanning over three decades he is the author of *Chaos Control* Guitar the authorized 2020 biography of Children Of Bodom frontman Alexi Laiho *Recovery from Cults* Michael D. Langone,1995 Drawing upon the clinical expertise of professionals and the personal experiences of those formerly involved in high intensity mind control groups this book is a comprehensive guide to the cult experience Michael Langone and his colleagues provide practical guidelines for helping former cult members manage the problems they encounter when leaving cults

Succeeding Postmodernism Mary K. Holland,2013-04-25 While critics collect around the question of what comes after postmodernism this book asks something different about recent American fiction what if we are seeing not the end of postmodernism but its belated success *Succeeding Postmodernism* examines how novels by DeLillo Wallace Danielewski Foer and others conceptualize threats to individuals and communities posed by a poststructural culture of mediation and

simulation and possible ways of resisting the disaffected solipsism bred by that culture Ultimately it finds that twenty first century American fiction sets aside the postmodern problem of how language does or does not mean in order to raise the reassuringly retro question of what it can and does mean it finds that novels today offer language as solution to the problem of language Thus it suggests a new way of reading antihumanist late postmodern fiction and a framework for understanding postmodern and twenty first century fiction as participating in a long and newly enlivened tradition of humanism and realism in literature

Making the Medieval Relevant Chris Jones, Conor Kostick, Klaus Oschema, 2019-12-02 When scholars discuss the medieval past the temptation is to become immersed there to deepen our appreciation of the nuances of the medieval sources through debate about their meaning But the past informs the present in a myriad of ways and medievalists can and should use their research to address the concerns and interests of contemporary society This volume presents a number of carefully commissioned essays that demonstrate the fertility and originality of recent work in Medieval Studies Above all they have been selected for relevance Most contributors are in the earlier stages of their careers and their approaches clearly reflect how interdisciplinary methodologies applied to Medieval Studies have potential repercussions and value far beyond the boundaries of the Middle Ages These chapters are powerful demonstrations of the value of medieval research to our own times both in terms of providing answers to some of the specific questions facing humanity today and in terms of much broader considerations Taken together the research presented here also provides readers with confidence in the fact that Medieval Studies cannot be neglected without a great loss to the understanding of what it means to be human
