agent's job has evolved as it has become increasingly difficult getting from a fully executed sales agreement to being handed the keys at the closing table. This book gives 123 issues that can arise once the contract is signed. No two deals are alike and there are countless issues that can happen prior to or at the closing table. You might be able to find a buyer on your own or pick out a house on your own but chances are getting to the closing table is another story.
