Christians at Home Blake Leyerle,2024-06-19 What did it mean for ordinary believers to live a Christian life in late antiquity In *Christians at Home* Blake Leyerle explores this question through the writings teachings and reception of John Chrysostom a priest of Antioch who went on to become the bishop of Constantinople in AD 397 Through elaborate spatial and ritual recommendations Chrysostom advised listeners to turn their houses into churches Influenced by New Testament descriptions of the Pauline communities he preached that prayer and chant scriptural discussion and hospitality and even domestic furnishings would have a transformational effect on a home s inhabitants But as Leyerle shows Chrysostom s lay listeners had different views They were focused not on personal ethical change or on the afterlife but on the immediate

tangible needs of their households They were committed to Christianity and defended the legitimacy of their views even citing precedents from scripture in support of their practices By reading these perspectives on early Christian life through one another Leyerle clarifies the points of disagreement between Chrysostom and his lay listeners and at the same time highlights their shared understanding For both the preacher and his congregations the household formed a vital ritual arena and lived religion was necessarily rooted in practice Elegantly written and convincingly argued this study will appeal to scholars of theology classics and the history of Christianity in particular      *Constructing Wooden Boxes for Cavity-nesting Birds* Howard L.
