The Great Turning David C. Korten, 2007-10-22 David Korten s classic bestseller When Corporations Rule the World was one of the first books to articulate the destructive and oppressive nature of the global corporate economy In The Great Turning he argues that corporate consolidation of power is merely one manifestation of what he calls Empire the organization of society through hierarchy and violence that has largely held sway for the past 5 000 years The Great Turning traces the evolution of Empire from ancient times to the present day but also tells the parallel story of the attempt to develop a democratic alternative to Empire beginning in Athens and continuing with the founding of the United States of America although elitists with an imperial agenda have consistently sought to undermine the bold and inspiring American experiment Finally Korten draws on evidence from sources as varied as evolutionary theory developmental psychology and religious teachings to make the case that Earth Community a life centered egalitarian sustainable alternative to Empire based on democratic principles of partnership is indeed possible And he outlines a grassroots strategy for beginning the momentous turning toward a future of as yet unrealized human potential
