Making Of A Shropshire Lad:

The Making of a Shropshire Lad Tom Burns Haber,1966 **A Shropshire Lad . the Making of 'a Shropshire Lad' : a Manuscript Variorum** Alfred Edward Housman,1966 **The Making of "A Shropshire Lad"** Alfred Edward Housman,1966 A.E. Housman at University College London Naiditch,2023-09-20 The Making of a Shropshire Lad; A Manuscript Variorum Edited by Tom Burns Haber Tom Burns Haber,1966 **The Making of A Shropshire Lad. A Manuscript Variorum. By Tom Burns Haber** Alfred Edward Housman,Tom Burns HABER,1966 *Literature in the Making, by Some of Its Makers* Joyce Kilmer,1917 *Reluctant Modernists* Peter Edgerly Firchow,2002 The essays collected here deal with modernist writers who on the whole felt reluctant about their modernist status because they believed that it was just as important to look backward as it was to look forward Indeed for most of them looking backward was more important because it was only through the past that one could understand one s proper place in the present and in the future That is why in Huxley s *Brave New World* it is the rejection of the past in the future and by implication in the present that makes its satire so penetrating Modernism in other words means for these writers not a radical break with the past but a continuing search for what still connects them and us vitally with it Peter Firchow Professor of English at the University of Minnesota is the author of several books on modern and modernist literary subjects including books on Huxley Conrad and Auden The publication of some of his hitherto uncollected essays in this volume is intended to honor **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1968 Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress. Copyright Office,1968 **Inventing Modern** John H. Lienhard,2003 Modern is a word much used but hard to pin down In *Inventing Modern* John H Lienhard uses that word to capture the furious rush of newness in the first half of 20th century America An unexpected world emerges from under the more familiar Modern Beyond the airplanes radios art deco skyscrapers Fritz Lang s *Metropolis* Buck Rogers the culture of the open road Burma Shave Kerouac and White Castles lie driving forces that set this account of Modern apart One force says Lienhard was a new concept of boyhood the risk taking hands on savage inventor Driven by an admiration of recklessness America developed its technological empire with stunning speed Bringing the airplane to fruition in so short a time for example were people such as Katherine Stinson Lincoln Beachey Amelia Earhart and Charles Lindbergh The rediscovery of mystery powerfully drove Modern as well X Rays quantum mechanics and relativity theory had followed electricity and radium Here we read how with reality seemingly altered hope seemed limitless Lienhard blends these forces with his childhood in the brave new world The result is perceptive engaging and filled with surprise Whether he talks about Alexander Calder an engineer whose sculptures were exercises in materials science or that wacky paean to flight *Flying Down to Rio* unexpected detail emerges from every tile of this large mosaic *Inventing Modern* is a personal book that displays rather than defines an age that ended before most of us were born It is an engineer s homage to a time before the bomb and our terrible loss of

confidence a time that might yet rise again out of its own postmodern ashes **A. E. Housman** NA NA,2016-04-30 This collection of essays was conceived as part of the centenary celebrations of the first publication in 1896 of one of the most popular collections of poetry ever written *A Shropshire Lad* a collection never out of print in a hundred years Yet Housman was a recluse an austere classicist of great renown who devoted his academic life to the correction of ancient texts He filled his poems with the lives loves and deaths of simple country people whose emotions are intense and often violent but lived his own life in stoic acceptance of his loveless arid existence Why his life should have been so intentionally empty of emotion raises questions about Housman s own sexuality and the relationship he had with his friend Moses Jackson and Jackson s brother Afalbert Housman s poetry like his life is deceptively simple this volume shows some of the complex currents below the surface Poems That Make Grown Men Cry Anthony Holden,Ben Holden,2014-04-10 The best leave you with a renewed sense of how extraordinary it is that poetry can over the course of one sentence flood your circuit board with loss or anger or love Independent From J J Abrams to John le Carr Salman Rushdie to Jonathan Franzen Daniel Radcliffe to Nick Cave Ian McEwan to Stephen Fry Stanley Tucci to Colin Firth and Seamus Heaney to Christopher Hitchens 100 men confess to being moved to tears by poems that haunt them This remarkable collection of poems from the sixteenth century to the present day delivers private insight into the souls of men whose writing acting and thinking are admired around the world

Housman Country Peter Parker,2017-06-20 Parker s beautiful Housman Country tells you everything you want to know about the life and influence of England s most satirised but inimitable poets Evening Standard A New York Times Book Review Editor s Choice Nominated for the 2017 PEN Bograd Weld Prize for Biography A E Housman s *A Shropshire Lad* made little impression when it was first published in 1896 but has since become one of the best loved volumes of poetry in the English language Its evocation of the English countryside thwarted love and a yearning for things lost is as potent today as it was more than a century ago and the book has never been out of print In Housman Country Peter Parker explores the lives of A E Housman and his most famous book and in doing so shows how *A Shropshire Lad* has permeated English life and culture since its publication The poems were taken to war by soldiers who wanted to carry England in their pockets were adapted by composers trying to create a new kind of English music and have influenced poetry fiction music and drama right up to the present day Everyone has a personal land of lost content with blue remembered hills and Housman has been a tangible and far reaching presence in a startling range of work from the war poets and Ralph Vaughan Williams to Inspector Morse and Morrissey Housman Country is a vivid exploration of England and Englishness in which Parker maps out terrain that is as historical and emotional as it is topographical A rich blend of literary criticism and cultural history The Spectator

T.P.'s and Cassell's Weekly ,1925 *Parry to Finzi* Trevor Hold,2005 Each chapter begins with a discussion of its composer s song output and of the poets and poetry he sets and goes on to give an account of the influences on him and the hallmarks of his style the songs are then discussed in detail focusing on the major works The text is illustrated with musical

examples and there is a comprehensive bibliography and index Jacket **A. E. Housman** Philip Gardner, 2024-11-01 First published in 1992 A E Housman The Critical Heritage brings together the most important and significant critical response to the poetry of A E Housman from the time of his writing to 1951 It contains ninety four items articles reviews and comments which provide an accurate picture of how Housman the poet was seen during his lifetime and for some years beyond it The picture which emerges is of a poet not only of popular appeal but of great literary distinction who was admired by the majority of reviewers and critics who discussed his work Among those quoted are J B Priestley Edmund Gosse Cyril Connolly T S Eliot George Orwell Cleanth Brooke Stephen Spender John Sparrow and E M Forster *National Union Catalog* ,1970 Includes entries for maps and atlases **The Bellman** ,1916 **The Lyric in Victorian Memory** Veronica Alfano, 2017-11-11 This book is a study of nineteenth century poems that remember yearn for fixate on and forget the past Reflecting the current critical drive to reconcile formalist and historicist approaches to literature it uses close readings to trace the complex interactions between memory as a theme and the often memorable formal traits such as brevity stanzaic structure and sonic repetition that appear in the lyrics examined This book considers the interwoven nature of remembering and forgetting in the work of four Victorian poets It uses this theme to shed new light on the relationship between lyric and narrative on the connections between gender and genre and on the way in which Victorians represented and commemorated the past
