## **Making Of The English Constitution 1449 1485:**

**The Making of the English Constitution, 449-1485** Albert Beebe White, 1908      **The Making of the English Constitution, 1449-1485** Albert Beebe White, 1925      **Syllabus Series** University of California (System), 1923      *Politics UK* Bill Jones, Philip Norton, 2018-03-16 This revised and updated ninth edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues and challenges facing Britain today including the European referendum and Brexit The ninth edition welcomes brand new material from seven new contributors to complement the rigorously updated and highly respected chapters retained from the previous edition It delivers excellent coverage of contemporary events including a new chapter on Euro scepticism and the European referendum an assessment of the performance of Labour s leadership the trials and tribulations of the Liberal Democrats and UKIP and the evolving devolution debate in Scotland led by the Scottish Nationalist Party Features of the new edition include Britain in context boxes offering contrasting international perspectives on key themes in British politics A comprehensive who s who of politics in the form of Profile boxes featuring key political figures And another thing pieces containing short articles written by distinguished commentators including Mark Garnett Sir David Omand Richard Wilkinson and Sir Simon Jenkins An epilogue analyzing the turbulent state of UK politics following the European referendum With chapters written by highly respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for all students of British politics      **The English Parliaments of Henry VII 1485-1504** P. R. Cavill, 2009-08-13 P R Cavill offers a major reinterpretation of early Tudor constitutional history In the grand Whig tradition the parliaments of Henry VII were a disappointing retreat from the onward march towards parliamentary democracy The king was at best indifferent and at worst hostile to parliament its meetings were cowed and quiescent subservient to the royal will Yet little research has tested these assumptions Drawing on extensive archival research Cavill challenges existing accounts and revises our understanding of the period Neither to the king nor to his subjects did parliament appear to be a waning institution fading before the waxing power of the crown For a ruler in Henry s vulnerable position parliament helped to restore royal authority by securing the good governance that legitimated his regime For his subjects parliament served as a medium through which to communicate with the government and to shape and on occasion criticize its policies Because of the demands parliament made its impact was felt throughout the kingdom among ordinary people as well as among the elite Cooperation between subjects and the crown rather than conflict characterized these parliaments While for many scholars parliament did not truly come of age until the 1530s when freed from its medieval shackles the modern institution came to embody the sovereign nation state in this study Henry s reign emerges as a constitutionally innovative period Ideas of parliamentary sovereignty were already beginning to be articulated It was here

that the foundations of the Tudor revolution in government were being laid      Bookseller and the Stationery Trades' Journal
