Thomson,2024-12-11 It is a truism that Russian culture is based upon the reception of Byzantine culture However the question of what was in fact received is the task that Professor Thomson has set in these studies by means of a detailed examination of the corpus of translations Down to the 17th century this corpus was essentially made up of works required for the liturgy and the monastic life Few works of dogmatic theology and virtually no classical or philosophical works were translated neither was a knowledge of Greek which would have provided access to the originals widespread The result was an unreasoning adherence to ritual forms Western ideas which began to penetrate into Muscovy in the 17th century were not absorbed by Russian culture but fundamentally reshaped it and the result led to a schism within the Church Russia today is Orthodox by religion but Byzantine culture disappeared with Byzantium A major section of addenda takes into account the advances in scholarship since the articles

Litvack,2022-04-12 The closeness of family and the nurturing of friendships are an inevitable part in any person's development as well as a myriad of different characters one meets during one's lifetime which can bode well or have unforeseen consequences So it was with our protagonist John Michael Morgan's thirst for a Catholic universe burned within him in which he envisioned a better world as he entered the sacred calling of priesthood The intelligence he conveyed to his congregants earned him their love and was noticed by the church hierarchy which catapulted him to Rome and the Vatican But doubts began to pervade his faith when answers to his uncertainties could not be reasonably given His world of God and church came tumbling down and changed his life forever Without his white collar that defined him he entered into a new persuasion of thought and purpose which propelled him to heights he could never have anticipated Filled with a new resolve John Michael Morgan changed the unchangeable but not without significant life altering events He is thrown into a world of intrigue conspiracy murder political power and love **Inadmissible Evidence** John J. Thomason,2009-08-05

contended that the themes of apostolicity martyrdom monastic patronage and theological resistance were determinative for
the cultural construction of Egyptian church leadership in late antiquity This second volume shows that the medieval Coptic
popes 641 1517 CE were regularly portrayed as standing in continuity with their saintly predecessors however at the same
time they were active in creating something new the Coptic Orthodox Church a community that struggled to preserve a
distinctive life and witness within the new Islamic world order Building on recent advances in the study of sources for Coptic
church history the present volume aims to show how portrayals of the medieval popes provide a window into the religious
and social life of their community
