of the romantic ironist or aesthete He describes in detail how Hitchcock's characteristic tone is achieved through a titillating combination of suspense and black humor that subverts the moral framework of the romantic thriller and a meticulous approach to visual style that articulates the lure of human perversity even as the ideal of romance is being deliriously affirmed Discussing more than thirty films from the director's English and American periods Allen explores the filmmaker's adoption of the idioms of late romanticism his orchestration of narrative point of view and suspense and his distinctive visual strategies of aestheticism and expressionism and surrealism *The Camera Lies* Dan Callahan, 2020 Alfred Hitchcock once famously remarked Actors are cattle In *The Camera Lies* Dan Callahan uncovers the sophisticated acting theory that lay beneath the director's notorious indifference towards his performers spotlighting the great performances of deceit and duplicity he often coaxed from them *Blood on the Stage, 1925-1950* Amnon Kabatchnik, 2010 In this volume Amnon Kabatchnik provides an overview of more than 150 important and memorable theatrical works of crime and detection between 1925 and 1950 Each entry includes a plot synopsis production data and the opinions of well known and respected critics and scholars *Library of Congress Subject Headings* Library of Congress, 2006 **Rebecca** Daphne du Maurier, 2012-02-09 The bestselling classic and masterpiece of psychological fiction The greatest psychological thriller of all time ERIN KELLY The book every writer wishes they'd written CLARE MACKINTOSH Excellent entertainment du Maurier created a scale by which modern women can measure their feelings STEPHEN KING On a trip to the South of France the shy heroine of Rebecca falls in love with Maxim de Winter a handsome widower Although his proposal comes as a surprise she happily agrees to marry him But as they arrive at her husband's home Manderley a change comes over Maxim and the young bride is filled with dread Friendless in the isolated mansion she realises that she barely knows him In every corner of every room is the phantom of his beautiful first wife Rebecca and the new Mrs de Winter walks in her shadow Not since Jane Eyre has a heroine faced such difficulty with the other woman An international bestseller that has never gone out of print Rebecca is the haunting story of a young girl consumed by love and the struggle to find her identity Rebecca is a masterpiece GUARDIAN This chilling suspenseful tale is as fresh and readable as it was when it was first written DAILY TELEGRAPH

Hitchcock and the Methods of Suspense William Hare, 2015-01-09 Alfred Hitchcock had a gift for turning the familiar into the unfamiliar the mundane into the unexpected A director known for planning the entire movie before the first day of filming began by using the storyboard approach Hitchcock was renowned for his relaxed directing style resulting in an excellent rapport with his actors Decades later Hitchcock's films stand as sterling examples of innovative technique infused with meaning that only repeated viewing can reveal This work examines themes techniques and the filmmaking process in 15 of Hitchcock's best known films *The 39 Steps* *Rebecca* *Shadow of a Doubt* *Spellbound* *Notorious* *Rope* *Strangers on a Train* *Rear Window* *The Man Who Knew Too Much* *Vertigo* *North by Northwest* *Psycho* *The Birds* *Frenzy* and *Family Plot* It explores the auteur's treatments of psychoanalysis voyeurism and collective fears during the Cold War Also presented are

key stories behind several Hitchcock classics such as the director's stormy relationships with Raymond Chandler and David O. Selznick that resulted in synergetic success for some of his most successful films. The book includes numerous photographs and an extensive bibliography.

Alfred Hitchcock and Film Noir Homer B. Pettey, R. Barton Palmer, 2024-11-30 Alfred Hitchcock was a major figure in the development and flourishing of film noir. His noir films became an inspirational foundation of the neo noir movement beginning in the 1970s from Brian de Palma's mash up homages to Hitchcock originals such as *Obsession* 1976 and *Body Double* 1984 to the dark political thrillers of the era that explore the underside of American life, all of which owe a substantial debt to Hitchcock. However, the central role of Hitchcock in the long history of film noir has seldom been acknowledged in work devoted to his career and noir criticism more generally. Instead, there has been a tendency to consider Hitchcock's many dark thrillers and crime melodramas as sui generis, that is, as Hitchcock films that are somehow separate and distinct from industry trends. But this is to take a narrow view of the director's accomplishments that underestimates his substantial contributions to film history. Alfred Hitchcock and Film Noir will be the first book-length treatment of the impressive corpus of Hitchcock noir films considered as such, as well as of his connection more generally to the emergence and flourishing of this important cinematic trend.

Hitchcock's Magic Neil Badmington, 2011-04-15 Why are we drawn to the work of Alfred Hitchcock so long after his final film appeared? What is the source of Hitchcock's magic? This book answers these questions by focussing upon the fabric of the films themselves, upon the way in which they enlist and sustain our desire, holding our attention by constantly withholding something from us.

Memory and the Gothic Aesthetic in Film Joana Jacob Ramalho, 2024-11-29 This open access book defines the cinematic Gothic as an aesthetics of memory and exile. Guided by three intersecting concepts: memory, travelling, and touch, it suggests that the cross-border movements of exiles, migrants, and professional travellers had a crucial impact on the emergence, development, and dissemination of the Gothic. This approach expands the canon to overlooked films, filmmakers, and national traditions. Drawing on film, memory, and gothic studies, the book urges the reader to think across other disciplines, including phenomenology, neurology, cognitive neuroscience, and disability studies. From hands to pianos, accordions, gloves, amnesia, and wounded bodies, the volume proposes a reappraisal of the Gothic by redrawing its scope, retracing its origins, and refocusing attention on surfaces as sites of socio-political meaning.

Inconsequence Annamarie Jagose,2018-08-06 The field of lesbian studies is often framed in terms of the relation between lesbianism and invisibility Annamarie Jagose here takes a radical new approach suggesting that the focus on invisibility and visibility is perhaps not the most productive way of looking at lesbian representability Jagose argues that the theoretical preoccupation with metaphors of visibility is part of the problem it attempts to remedy In her account the regulatory difference between heterosexuality and homosexuality relies less on codes of visual recognition than on a cultural adherence to the force of first order second order sexual sequence As Jagose points out sequence does not simply specify what comes before and what comes after it also implies precedence what comes first and what comes second Jagose reads canonical novels by Charles Dickens Henry James Virginia Woolf and Daphne du Maurier drawing upon their elaboration of sexual sequence In these innovative readings tropes such as first and second origin and outcome and heterosexuality and homosexuality are shown to reinforce heterosexual precedence Inconsequence intervenes in current debates in lesbian historiography taking as its pivotal moment the fin de si cle phenomenon of the sexological codification of sexual taxonomies and concluding with a reading of a post Kinsey pulp sexological text Throughout Jagose reminds us that categories of sexual registration are always back formations secondary and belated not only for those who identify as lesbian but also for all sexual subjects
