Busch, 1976-06-30 *Curzon and British Imperialism in the Middle East, 1916-1919* John Fisher, 2012-11-12 John Fisher explores the acquisitive thinking which from the autumn of 1914 drove the Mesopotamian Expedition and examines the political issues international and imperial delegated to a War Cabinet committee under Lord Curzon The motives of Curzon and others in attempting to obtain a privileged political position in the Hejaz are studied in the context of inter Allied suspicions and Turkish intrigues in the Arabian Peninsula This is a penetrating study of war imperialism when statesmen contemplated strong measures of control in several areas of the Middle East **Curzon and British Imperialism in the Middle East, 1916-19** John Fisher, 1999 John Fisher explores the acquisitive thinking which from the autumn of 1914 drove the Mesopotamian Expedition and examines the political issues international and imperial delegated to a War Cabinet committee under Lord Curzon The motives of Curzon and others in attempting to obtain a privileged political position in the Hejaz are studied in the context of inter Allied suspicions and Turkish intrigues in the Arabian Peninsula This is a penetrating study of war imperialism when statesmen contemplated strong measures of control in several areas of the Middle East *Britain's Levantine Empire, 1914-1923* Daniel-Joseph MacArthur-Seal, 2021 Britain's Levantine Empire 1914 1923 tells a unique history of the impact of British soldiers and government policy on the Eastern Mediterranean during the First World War and its aftermath **The Global 1923 and the Treaty of Lausanne** Ilia Xypolia, Dionysis Tsirigotis, 2025-09-02 This book is a cutting edge analysis of how the peace treaty was achieved in Lausanne by placing it in the global context The Treaty of Lausanne reconsidered explores events from the long great war to the conclusion of the Treaty of Lausanne examining imperialism and divergent among and within states motives actions and constraints that shaped the peace settlement It shows that peace can only last if it is a product of negotiation and not imposition In doing so the book addresses the silences and the absences that eventually formed controversial aspects of the settlement It highlights the degree to which the Eastern Question discourse and the western powers concerns in light of the emerging Turco Soviet alliance shaped the proceedings in Lausanne The Treaty of Lausanne reconsidered reveals how the entanglement and the contestation at Lausanne continues to inform our contemporary politics today *Allenby and British Strategy in the Middle East, 1917-1919* Matthew Hughes, 2013-01-11 Examines British military political and imperial strategy in the Middle East during and immediately after the First World War in relation to General Allenby's command of the Egypt Expeditionary Force from June 1917 to November 1919 **Diplomacy and Displacement** Onur Yildirim, 2007-05-07 This study presents a comprehensive balanced and factually grounded narrative of the Turco Greek Exchange of Populations as a historic event that has been the subject of much distortion in the historiographical traditions of nationalist lore in Greece and Turkey as well as in scholarly publications of various sorts elsewhere over the span of the past eighty years Diplomacy and Displacement contributes to the general literature on the Exchange by incorporating into the broader picture the Turkish

dimension of the event particularly the Turkish side of the decision making process and the episode of the Muslim refugees that have been left outside the scope of the research agenda thereby breaking up the established notion of the Exchange skewed towards the Greek side It thus sheds doubt on the success paradigm attributed to this event By adopting a people centered approach to the Lausanne Treaty and its consequences the book offers a critique of official versions of the story and encourages people to consider policy decisions together with their huge and often devastating implications for the lives of ordinary people
