quantify and dismiss Native populations many writers who identify culturally and are recognized as Native Americans do not hold tribal citizenship With essays by Trevino Brings Plenty Deborah Miranda Steve Russell and Kimberly Wieser among others Unpapered charts how current exclusionary tactics began as a response to pretendians non indigenous people assuming a Native identity for job benefits and have expanded to an intense patrolling of identity that divides Native communities and has resulted in attacks on peoples professional spiritual emotional and physical states An essential addition to Native discourse Unpapered shows how social and political ideologies have created barriers for Native people truthfully claiming identities while simultaneously upholding stereotypes
