Life After Death Threatened Maurice J. Robinson, 2012-12 Just imagine that you have become unconscious from an unknown viral infection and have been that way for more than eight days in the hospital When encephalitis or a brain abscess was determined author Maurice J Robinson

knew at this time that most adults don't live very long to talk about it. But for him God had another plan. He just wanted Maurice to believe in Him and to believe that the new life would come. At that point it was out of his hands; he had to depend on his family and friends to ask God to bring him back to life. Read how God would answer.

Dying to Teach Jeffrey Berman, 2012-02-01 In *Dying to Teach*, Jeffrey Berman confronts the most wrenching loss imaginable: the death of his beloved wife Barbara. Through four interrelated narratives—how Barbara wrote about her illness in a cancer diary, how he cared for her throughout her illness, how his students reacted to his disclosure that she was dying, and how he responded to her death—Berman explores his efforts to hold on to Barbara precisely as she was, letting go of life. Intensely personal, *Dying to Teach* affirms the power of writing to memorialize loss and work through grief and demonstrates the importance of death education: teachers and students writing and talking about a subject that until now has often been deemed too personal for the classroom.

Dying the Good Death Donnica L. Brown, Pierre RN, 2022-10-06 Eternally from struggles to serenity, from a jaded life to joy and jubilation in heaven. I pray that this book will invoke the tough conversations regarding being prepared financially for final arrangements and discussing end-of-life wishes. Both living wills and materialistic wills are important. Planning certainly helps the survivors cope better, and this book will help you to see the importance of preparation. I sincerely hope that my work will become a cornerstone for learning across this nation. This book was not easy to compile because it evoked many repressed memories that I thought was better to forget, but God said differently. God said to share my knowledge with all who have an ear and will hear. I pray that the case studies will be demonstrative that not every journey is similar but very unique. In my experience, no two people have ever died alike. This book is spiritually based in that I reference biblical Scriptures because this is how I have managed my hospice goals and journey. God has divinely provided me with the knowledge to survive twenty-one years of hospice. He has also provided me the courage and wisdom to author this book. If I can increase the wisdom, knowledge, and understanding of different cultures, races, and human beings, then I truly believe that God will be pleased with my obedience to fulfill his desires for this particular purpose of my life.

2 *Imaging Life after Death* Fischer, Kathleen, 2004 Drawing inspiration from science, scripture, poetry, and relationships, this book explores the meaning of life after death in a variety of traditions.
