Montgomery, 2021-02-25 Yes there's a serial killer in this story along with a Hollywood producer an adventure in Europe and my introduction into a life of crime by the daughter of a prominent actor It's a true story too I present it to you as journal entries almost exactly as I wrote them more than 40 years ago I have added a little clarification as

to who s who and cleaned up a few spelling and punctuation errors Also I ve changed some names out of respect for the privacy of those people Otherwise this is a truthful account of the adventures and misadventures I experienced after my divorce in 1976 Although I was 28 at the time this occurred I was always years behind my peers in terms of landmark life events I didn t even date in high school I didn t get my driver s license until I was 18 And when I got married at age 24 I probably was closer to 18 or 19 in terms of maturity I d always been a good boy too I didn t drink in high school or take drugs I made good grades and never got into trouble In other words I was an exemplary Baby Boomer go to college serve your country find a job get married have kids Only my wife and I never got to that last part During the first two years of marriage we moved around searching for a place where we both could find good jobs But when we finally found that place Tallahassee Fla achieved the American Dream and settled into a routine the relationship began to deteriorate At least I think that s what happened I still was the good boy and mostly oblivious I almost certainly would have stayed married if Lois had not taken the first step But she told me that she was bored and depressed By implication even someone as oblivious as I was could see that she believed I was the reason for her unhappiness She said she wanted a divorce Slowly I began to realize that I was in a place that I d never been before I had fulfilled all obligations and from this point there was no societal road map to guide my behavior In other words I was free Not long after I decided that I d go to Europe I d always thought about visiting there someday especially Paris For reasons I couldn t explain and still can t I d always been drawn to that city So my plan was to buy a Eurail pass and a French English translation guide strap on a backpack and have an adventure Part I of this book is about that European adventure and exploration of my inexplicable attraction to Paris It features a little romance but mostly is about what I saw and experienced as I met new friends and traveled with them through France Spain and Great Britain with brief stops in Monaco and Andorra Part II is about my first Christmas back home with my small town family in about a decade And yes there s romance and sex here as well Part III is where mono and mayhem join romance upon my return to Florida I became ill the day I arrived back in the Sunshine State and consequently spent weeks confined to a rental bed in friends living room Not long after I committed a crime and fled the scene and in revealing this hope that the statue of limitations has run out This part also is about Hollywood good friends and summer at the lake Part IV is the most serious in tone dealing with loss addiction and murder by someone who I d later learn was one of the nation s most notorious serial killers But it also features a little sex some special brownies and a quirky adventure with a theater crowd as I struggle to decide what I want to do when I grow up

True Criminal Minds Brian Lee Tucker, 2014-12-17 Serial killing for profit In the book TRUE CRIMINAL MINDS INTERVIEWS WITH REAL LIFE SERIAL KILLERS author Brian Lee Tucker strips away all of the glitz and glamour so often associated with the romanticizing and glamorizing of modern day so called true stories featuring charming suave serial killers that women just can t seem to stay away from Insinuating that any serial killer is charming is no different than saying that fictional serial killer Hannibal Lecter merely suffered from an eating disorder In real life behind the glitz and

glamour of most Hollywood productions your average garden variety serial killer is anything but charming As an amateur crime beat journalist Tucker has researched some of the worst serial killers to ever walk the planet including Ted Bundy one of the most depraved killers to ever prowl the streets In the end Bundy died for strangling and raping the remains of a twelve year old Florida schoolgirl Bundy was so depraved that he radiated evil like a supernova Charming Be still my beating heart Then we have Ottis Toole aka the cannibal kid born at the bottom of the gene pool retarded and illiterate had been out of control since early childhood A severely drug dependent individual as well as an arsonist murderer rapist and cannibal he was unsafe under any conditions outside of a secure prison and perhaps unsafe there To him life itself was so unmeaning and the distinction between living and dead people so blurred that killing another human being was no more than swatting an annoying fly TRUE CRIMINAL MINDS INTERVIEWS WITH REAL LIFE SERIAL KILLERS may be tough to digest but it provides in depth and often terrifying glimpse into the REAL life and mind of monsters who so often end up glorified in the media for profit NOTE Contains bonus material an excerpt from the forthcoming book HENRY LEE AN AMERICAN MONSTER by Brian Lee Tucker written in Cormac McCarthy style prose that reads like a screenplay but written in manuscript format A must read for true crime fans
