recommended for the social workers and people who are interested in American immigration *My Life, from Iran to America* Angelina Schoefer, 2017-04-26 This book is about the determined story of Angelina and her family and the hardships they faced while leaving Iran and reaching freedom in the United States Growing up amid the stable government of the Shah of Iran then living through the political and cultural turmoil of the Iranian revolution that began in 1975 Angelina managed to complete her bachelor of arts in English and became a teacher But it was fraught with hardship As a single parent she had to protect her children from an increasingly hostile government yet had to continue seeking ways to escape the harsh environment Finally reaching the United States the ugly head of discrimination in higher education in California universities revealed itself another chapter in her struggle to improve herself and her children The story shows how she dealt with this discrimination and the outcome it eventually brought **My Life as an Immigrant** Kombiz Salehi, 2021-02-22 This book is a life story of an immigrant who arrived in the USA as an eighteen year old with twelve dollars and has remained in the USA for fifty eight years He became an immigrant three years after his arrival and a US citizen five years later During the next fifty years he significantly contributed to the American society in more ways than one He sponsored his entire education and obtained a BS an MS an MBA and a PhD getting his PhD when he was seventy four After the MS degree in Nuclear Engineering he served the US nuclear power industry as a nuclear engineer including fifteen years of management position in companies such as GE Company Bechtel Exelon formerly ComEd Parsons and the US Nuclear Regulatory Commission US NRC retaining security clearance during his tenure at the US NRC He was a midlevel manager for the GE Company for a decade As an adjunct professor for eight years he taught MBA and mathematics to the university students His contributions extend through his three children in three circles of the American society One son is in the biomedical field with his current service getting his company to develop the vaccine for the COVID 19 virus His daughter is a competent litigator and a law partner in a large law firm His second son is a VP of finance in a mortgage firm and a graduate of a seminary program with periodic delivery of sermons to his church members The author used his tenacity in dealing with an insurance company ensuring continuation of coverage of his former stepdaughter at closed facilities resulting in nearly 500 000 coverage for the medical expenses against the insurance company s willingness to honor the terms of the policy He championed the safeguards of the young girl through tumultuous years of his married life with his second spouse an Iranian lady That story makes the book that much interesting for trials and tribulations that the author went through during the girl s adolescent years Although the challenge ultimately resulted in the break of the marriage she was ultimately saved and is currently a member of the faculty at an academic institution This is a success story mainly due to perseverance lack of fear belief in human values and wisdom to perform the right things and making right decisions This book contains numerous stories including the author s sense of humor in his writing style *Daily Life of the New Americans* Christoph Strobel, 2010-06-02 A detailed and engaging historical examination that provides an intimate understanding of the daily life of the new

Immigrants Philippe Legrain,2014-09-28 Immigration divides our globalizing world like no other issue We are swamped by illegal immigrants and infiltrated by terrorists our jobs stolen our welfare system abused our way of life destroyed or so we are told At a time when National Guard units are deployed alongside vigilante Minutemen on the U S Mexico border where the death toll in the past decade now exceeds 9 11 s Philippe Legrain has written the first book about immigration that looks beyond the headlines Why are ever rising numbers of people from poor countries arriving in the United States Europe and Australia Can we keep them out Should we even be trying Combining compelling firsthand reporting from around the world incisive socioeconomic analysis and a broad understanding of what s at stake politically and culturally Immigrants is a passionate but lucid book In our open world more people will inevitably move across borders Legrain says and we should generally welcome them They do the jobs we can t or won t do and their diversity enriches us all Left and Right free marketeers and campaigners for global justice enlightened patriots all should rally behind the cause of freer migration because They need Us and We need Them **Refugee of 1989** Anatoly Rozenblat,2014-06-16 The main goal to this book is

put the idea of author to show that any person in extreme living conditions of financial and moral character always must stay by the HUMAN BEING And besides in base of this book by author was underlined the essential principle that advantageously the education classical music art and contact with Nature make the relations between people more humane and loyal to each other to any society Author of this book as the witness of Soviet Jewish immigration thinks that degree of complexity of any emigration submits to exponential distribution with function in view of $f(x) = e^{x^2}$ with beginning process immigration the complexity has maximum and the end minimum values *Memories: Journey into an Immigrant'S Mind* Emanuel

Paparella,2018-08-10 As its title powerfully suggests this bookwhile being a personal memoir a narration of ones life journey from sunrise to sunsettranscends the personal Its uniqueness lies in the fact that these memories are the memories of an immigrant who has lived in the country as a US citizen with an American born father for some sixty years It is much more

than a list of events and anecdotes of an immigrant experience It is written in a Dantesque and Vichian spirit and as such it goes beyond the listing of historical events and people More than a physical journey it is an intellectual journey into the mind of an immigrant in search of ones self and ones ethnic identity As such it is a universal journey with which nonimmigrants even native born can easily empathize Our common humanity makes it universal As Dante well put it when he began the narration of his lifes journey In the middle of the journey of our lives I found myself in a dark wood As Dante begins the journey guided by Virgil and Breatrice he finds out that indeed the journey is universal beyond the purely personal As Michelangelo said Ancor imparo I am still learning He uttered such a statement at the venerable age of eighty nine a few days before he died He was still sculpting and learning Likewise if we dare to begin the journey at whatever age we may find ourselves we may soon find out that we too are still learning and the journey may well have a common purpose and destination

In Lady Liberty's Shadow Robyn Magalit Rodriguez, 2017-06-22 Home to Ellis Island New Jersey has been the first stop for many immigrant groups for well over a century Yet in this highly diverse state some of the most anti immigrant policies in the nation are being tested American suburbs are home to increasing numbers of first and second generation immigrants who may actually be bypassing the city to settle directly into the neighborhoods that their predecessors have already begun to plant roots in a trajectory that leads to nativist ordinances and other forms of xenophobia In *Lady Liberty's Shadow* examines popular white perceptions of danger represented by immigrants and their children as well the specter that lurks at the edges of suburbs in the shape of black and Latino urban underclasses and the ever more nebulous hazard of presumed Islamic terrorism that threatening to undermine life as we know it Robyn Magalit Rodriguez explores the impact of anti immigrant municipal ordinances on a range of immigrant groups living in varied suburban communities from undocumented Latinos in predominantly white suburbs to long established Asian immigrants in majority minority suburbs The American Dream that suburban life is supposed to represent is shown to rest on a racialized segregated social order meant to be enjoyed only by whites Although it is a case study of New Jersey In *Lady Liberty's*
