

TREE OF LIFE - MEANING OF LIFE

STRUCTURE OF THE TREE OF LIFE

The pinnacle of the meaning of life is harmony, which can be achieved only by fulfilling human (personal) values, whose core structure consists of the moral and social integrity of the citizen, society and the state.

The moral integrity of man, society and the state

The moral integrity of man, society and the state means fulfilling and implementing the moral values in personal, professional and public life, which are:

- (a) **Courage** - symbol of protection of rights and freedoms, heroism, will and dedication
- (b) **Honesty** - symbol of honour, sincerity and conscientiousness
- (c) **Reliability** - symbol of security, responsibility and trustworthiness
- (d) **Justice** - symbol of equality, authorisation and atonement

The social integrity of man, society and the state

The social integrity of man, society and the state means establishing and deepening interpersonal and international relations based on mutual trust.

The origin of a man living since his birth in a community with its own social, legal, cultural and spiritual identity from which the moral and social integrity of the citizen, society and the state is just emerging.

My Life Tree:

The Bondmaid Fredrika Bremer, 1845 **Autobiography of a Garden** Patterson Webster, 2022-07-04 Autobiography of a Garden follows Patterson Webster's twenty-five year journey as she transforms a beautiful but conventional country property into a 750-acre landscape that challenges what a garden is or can be. A unique personal memoir, this book details how a neophyte gardener moved from copying the ideas of other people to learning from them and finally to striking out on her own. Combining traditions from French and English eighteenth-century gardens with contemporary perspectives, Webster communicates concepts and ideas that underpin the garden's design, sharing a process that evolved over seasons and years. She explores the meaning of creating a garden and the meaning that a garden can create, linking ideas about aging and the passage of time to the reality of growth and death in the landscape and thinking through how art in a garden can reframe questions of memory and our relationship to nature. Using the history of the property as a framework, Webster considers the impact made by those who lived on the land before her: the Abenaki, the early settlers, the cottagers, the farmers, the US southerners who came to Quebec to avoid the summer heat, and the northerners who defeated them in the Civil War. With engaging personal anecdotes, she describes the thinking behind each part of the garden and the examples that guided her, the mishaps and successes she encountered, and her plans for the future. Beautifully photographed and full of inspirational ways of thinking about gardens and gardening, *Autobiography of a Garden* blends history, horticulture, and art, encouraging readers to make their own surroundings more beautiful and more meaningful.

For the Wild Sarah M. Pike, 2017-10-03 *For the Wild* explores the ways in which the commitments of radical environmental and animal rights activists develop through powerful experiences with the more-than-human world during childhood and young adulthood. The book addresses the question of how and why activists come to value nonhuman animals and the natural world as worthy of protection. Emotions and memories of wonder, love, compassion, anger, and grief shape activists' protest practices and help us understand their deep-rooted dedication to the planet and its creatures. Drawing on analyses of activist art, music, and writings, as well as interviews and participant observation in activist communities, Sarah M. Pike delves into the sacred duties of these often misunderstood and marginalized groups with openness and sensitivity.

The Universal Library, 1853 *People Trees* David L. Haberman, 2013-03-13 *People Trees* is about religious conceptions of trees within the cultural world of tree worship at the tree shrines of northern India. Sacred trees have been worshiped for millennia in India, and today tree worship continues there in abundance among all segments of society. In the past, tree worship was regarded by many Western anthropologists and scholars of religion as a prime example of childish animism or primitive religion. More recently, this aspect of world religious cultures is almost completely ignored in the theoretical concerns of the day. Incorporating ethnographic fieldwork and texts never before translated into English, David Haberman reevaluates concepts such as animism, anthropomorphism, and personhood in the context of the worship of the pipal, a tree of mighty and ambiguous power, the neem, an embodied form

of a goddess whose presence is enhanced with colorful ornamentation and a facemask appended to its trunk and the banyan a tree noted for its association with longevity and immortality Along with detailed descriptions of a wide range of tree worship rituals here is a spirited exploration of the practical consequences perceptual possibilities and implicit environmental ethics suggested by Indian notions about sacred trees *The Fear of Letting Go* Sarra Cannon, 2014-11-07

numerous Any thing like a lengthened novel was therefore excluded as it would have exceeded the prescribed limits or rendered impossible that variety which the translators considered an essential of their work That short tales from their very nature cannot often promote any very high purpose and that amusement for a leisure hour is their principal purpose the translators are perfectly aware admitting that their collection generally speaking does not convey that amount of instruction in life and thought which might be obtained from more elaborate works such as for example the Wilhelm Meister of G the At the same time they trust that Kleist s Michael Koldhaas Zschokke s Alamontade Schiller s Criminal from Lost Honour and even Hauff s fanciful Cold Heart will be acceptable to those who look for something beyond mere amusement and that some readers will be found to appreciate the psychological truth and profundity of Hoffmann s tales beneath their fantastic exterior In their versions of the tales the translators have endeavoured to the utmost of their power to be correct preferring even hardness of language to liberties with the original text The initials in the table of contents will show who was the translator of each particular tale but it must not be supposed that they worked so separately that the printer and the binder have alone connected the results of their labours Every tale when finished by the translator was carefully revised by his colleague In those instances alone have the translators deviated from the original where they found passages and phrases that they conceived would not accord with English notions of propriety That in such instances they have softened or omitted needs no apology

Love Sorana Berequette,2016-11-30 If you asked me if or why I wanted to write a poetry book a year ago I would have replied Which book Now that I wrote it this is a very easy question to answer First I need to say that I started writing poetry about two years ago because I enjoyed the flow of words moving through my consciousness yet I had little intention of writing a book In fact I wrote as I was getting my inspiration from taking long walks in the middle of nature As I kept writing I started realizing that I needed to have many messages out but the most important one was about that which

we call love It is such an overwhelmingly defined word that my humble attempt at describing it became a series of desires just to depict what I was feeling at that moment It is really that simple and complex at the same time Second I began feeling that if I dont write ever so often my entire being is being deprived of this wonderful life force So I kept writing away but not in an organized manner I just wrote about whatever images I was being graced with Third I started realizing how the various poems fit together only recently which is how the idea of publishing this book slowly developed I decided to self publish for reasons of timeliness I needed to present this offering before the year 2000 was over so that the new millennium will start out fresh It felt like the right thing to do I grouped the chapters based on how I felt we the old souls of this earth and universe need to connect with our own essence within space and time dimensions and with our soul mates Light and love are quintessential concepts yet they are just as real as our physical forms I feel we all blend together spiritually in the end so whats the point of separations Of course this is a personal viewpoint perhaps shared by many others like me in their own unique ways Whether love was in the beginning of our creation whether it wraps around our daily existence whether it blesses us with its healing power what really matters is that we feel it at various points in our lives with a fluctuating degree of intensity Imagine if we could enhance these feelings recreating our core passionately The best of all worlds is enjoying every moment of our lives no matter how our emotions fill it If we embrace this way of approaching life maybe then we can all feel closer to our origin to our energy to divine power to creativity and to guidance And love will belong to all of us will flow through and transcend us in whatever form we choose to interpret it We all need it we all search for it we all give it away and we are all made to exchange it So why not start this very second Thats why I wrote this book
