and the Asian Subcontinent have had a profound effect on these students their families and their communities of origin

**An African Widow'S Journey** Tabitha Manyinyire, 2018-07-02 This book was inspired by real life events experienced by one young widow from Southern Africa who at the age of thirty lost her husband She felt as though she had been abandoned by the wayside holding three young children She had no tangible support from the family she was married into As she traversed through this lonesome slippery journey she encountered a myriad of storms that forced her to totally surrender everything including herself and her children to the Lord Through this simple act of giving up and submitting all her circumstances to the Lord she was granted wisdom with which to handle the grim challenges and storms that confronted her From the very onset she soon learnt that the relentless hate and hurtful situations that she faced were to be responded to with heartfelt forgiveness love and humility The Lord also provided this widow with a measure of faith much bigger than the size of a mustard seed She did not just see mountains being moved storms were conquered and oceans were opened for her and her children to go through She and her sons were raised from the bottom of the lowest dump heap and raised to levels that she could have hardly even ever dreamt or imagined possible *An African Widows Journey* drives home the message Weeping may endure for a night but joy comes in the morning Ps 30 5 *Disadvantaged Stars* Dr Rumbidzai Nyanhoto, 2021-11-19 An inspiring account of one woman s recovery from meaningless existence to a significant life After her father and mother passed away when she was only nine years old Dr Rumbidzai Nyanhoto persevered through the struggles of growing up in Kinship Care She endured abuse and harsh living conditions and went into independent living at the age of 19 With no formal support Dr Rumbidzai Nyanhoto reveals the pillars of success that helped her beat the odds and achieve happiness healing and success She narrates how circumstances and odds set against us has a way of defining us however explains that our background doesn t have to detect our future The author put forward personal experiences illustrating how anyone from a disadvantaged background can set themselves free and take charge of their happiness and success This captivating narrative will help anyone from disadvantaged background to know that they are a star They can have dreams and achieve them The author includes pearls of wisdom for carers of orphans and children from disadvantaged backgrounds to understand children s needs By being a disadvantaged Star you acknowledge and embrace the past but never allow it to detect your future Despite your history you can beat the odds redefine yourself and become who you want to be This story contains abuse trauma sexual harassment and other complex issues faced on the healing journey *Behind Ghetto Walls* Michael Novak, 2017-09-08 This book is about the family lives of some 10 000 children and adults who live in an all Negro public housing project in St Louis The Pruitt Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s but the character of the family life there shares much with the family life of lower class Negroes as it has been described by other investigators in other cities and at other times in Harlem Chicago New Orleans or Washington D C This book is primarily concerned with private life as it is lived from day to day in a federally built and

supported slum The questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the Pruitt Igoeans and the ways they make use of this framework to order their experiences and make sense out of them The lives of these persons are examined in terms of life cycles Each child there is born into a constricted world the world of lower class Negro existence and as he grows he is shaped and directed by that existence through the day to day experiences and relationships available to him The crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior This book in short is about intimate personal life in a particular ghetto setting It does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class Negro life is lived These larger macro sociological forces are treated in another volume based on research in the Pruitt Igoe community However this book does draw on the large body of literature on the structural position of Negroes in American society as background for its analysis of Pruitt Igoe private life
