Christian Mysticism's Queer Flame Michael Bernard Kelly, 2018-09-03 Is the Christian mystical tradition a relic of another time shaped by celibates for celibates unable to engage meaningfully with people of our time who embrace their corporeality and sexuality as crucial aspects of their journey towards union with God This book reflects in serious theological depth and detail on the spiritual and sexual journeys of gay men of mature and committed Christian faith employing the Christian mystical tradition as the lens and the interlocutor in this process This study examines the major themes and stages of the mystical tradition as outlined by Evelyn Underhill but also including more recent work by Ruth Burrows Thomas Merton and Constance Fitzgerald Using methods of qualitative research it then considers the texts of in depth interviews conducted with men most of whom are theologians or spiritual leaders with a deep Catholic faith and all of whom are openly self affirmingly gay Finally it employs Ricoeur s hermeneutical theory to engage in a creative theological conversation between the traditional mystical stages and themes and these men s lives as described in their interviews This is a unique study that brings together ancient spirituality with contemporary lived religion As such it will be of interest to scholars of religious studies theology Christian mysticism and spirituality and queer studies It will be of particular interest to those teach spiritual direction and to all who seek new ways to engage with the spiritual lives of LGBTIQ people

The Place of Knowing Emma Lou Warner Thayne, 2012-01-03 An intriguing spiritual memoir from an unusual woman Centered on Thaynes near death experience following a car accident when she was in her 60s this autobiography contains thematic chapters that explore her changing beliefs about mortality through meditations on family language and other daily concepts As a Mormon grandmother parts of Thaynes life her long marriage religious devotion and large family are seemingly typical for someone of her generation However Thayne is also a poet and writer weaving many of her poems and other writings into the body of this work Often Thayne describes the two roles of homemaker and author as being at odds with one another at least within her own mind In addition to her active fulfilling involvement in the Mormon Church she characterizes her writing life as almost a personal struggle In a major theme of the book Thayne seeks to resolve the internal conflict she feels when torn between her vocation and her concerns about meeting outside expectations Interestingly she addresses this internal conflict by looking both into her Mormon heritage and out toward other spiritual traditions and lifestyles Discussing her parents and grandparents Thayne reveals their warmth and the absence of doctrinaire beliefs in her childhood home Her description of everyday Mormonism could be compared to the womens Islam for Muslim writers like Fatima Mernissi and Leila Ahmed However in her search for enlightenment Thayne isnt content merely focusing on previous generations of her

own family Instead she visits healers helps bring to light the work of artists with AIDS and recognizes many influences from outside her own community As a result shes a complex evolving narrator grappling slowly with her own expectations and the challenges of life Her meditative fluid narrative might not satisfy readers looking for an eventful action oriented story but readers interested in the optimistic pursuit of spiritual development shouldnt miss this one Gentle inclusive ruminations sure to strike a chord
