A Cry Instead of Justice Dereck Daschke, Andrew Kille, 2010-07-01 Within a book widely touted as the path to peace violence has incongruously been central to the Bible and how it is used This collection of essays examines the manifestations of violence in Scripture and the ways that Scripture itself whether violent in content or not can be used to justify violence and aggression in specific social circumstances today The book is divided into two parts The first half explores some incidents of Biblical violence that rather than appearing at the forefront of the narrative reflect that ancient Jewish culture including the early Christian movement recorded in the New Testament treats violence as an undeniable fact of the social world in which biblical figures live In these essays psychological theory and interpretation focus on the effect of this culture of violence in the behavior expectations and failures of Biblical figures in order to re evaluate the messages of these texts in light of their accepted but largely unacknowledged aggression The second half uses psychological models to understand how Biblical doctrine and ideals shape the world in which we live and introduce patterns of aggression and acceptance of violence into family cultural and political situations Altogether this

collection of essays seeks to shed light on how the Bible relates to violence and how many people relate to violence consciously or not through the stories and dynamics *We Are All Witnesses* Mitzi J. Smith, Michael Willett

Newheart, 2023-02-10 *We Are All Witnesses* is a remarkable sassy creative disruptive and deeply personal textbook It is like no other text on biblical interpretation Smith and Newheart have produced a groundbreaking milestone book about how to do biblical interpretation that prioritizes justice and the reader's context It is both memoir and metatestimony The layperson college students and seminary students will find this book accessible It is indeed creative witty and wayward **SCM**

Qur'anic Hermeneutics Abdulla Galadari, 2018-08-09 This book is open access and available on www.bloomsburycollections.com Qur'anic Hermeneutics argues for the importance of understanding the polysemous nature of the words in the Qur'an and outlines a new method of Qur'anic exegesis called intertextual polysemy By interweaving science history and religious studies Abdulla Galadari introduces a linguistic approach which draws on neuropsychology This book features examples of intertextual polysemy within the Qur'an as well as between the Qur'an and the Bible It provides examples that intimately engage with Christological concepts of the Gospels in addition to examples of allegorical interpretation through inner Qur'anic allusions Galadari reveals how new creative insights are possible and argues that the Qur'an did not come to denounce the Gospel which is one of the stumbling blocks between Islam and Christianity but only to interpret it in its own words

The Gospel of Mark and the Roman-Jewish War of 66-70 CE Stephen Simon Kimondo, 2018-07-19 This book interprets Mark's gospel in light of the Roman Jewish War of 66-70 CE Locating the authorship of Mark's gospel in rural Galilee or southern Syria after the fall of Jerusalem and the temple and after Vespasian's enthronement as the new emperor Kimondo argues that Mark's first hearers people who lived through and had knowledge of the important events of the war may have evaluated Mark's story of Jesus as a contrast to Roman imperial values He makes an intriguing case that Jesus' proclamation as the Messiah in the villages of Caesarea Philippi set up a deliberate contrast between Jesus's teaching and Vespasian's proclamation of himself as the world's divine ruler He suggests

that Mark's hearers may have interpreted Jesus' liberative campaign in Galilee as a deliberate contrast to Vespasian's destructive military campaigns in the area. Jesus's teachings about wealth, power, and status while on the way to Jerusalem may have been heard as contrasts to Roman imperial values; hence the entire story of Jesus may have been interpreted as an anti-imperial narrative.
