My Only One Readers Choice:

Reader's Choice, 6th Edition Sandra Silberstein, Barbara K. Dobson, Mark A. Clarke, 2023-02-28 Teaching students complex reading strategies for everyday and academic reading **Farewell, My Only One** Antoine Audouard, 2004-07-20 A novel that brings to life one of the great romances of all time Evokes in gritty and poetic detail the streets of twelfth century Paris The New York Times Book Review In the early twelfth century William reaches Paris full of hope and without a penny There on the same day he meets the two people who will dominate his life young Heloise with whom he immediately falls in love and Abelard the world renowned philosopher Through the eyes of William we follow every turn in the greatest love story of the Middle Ages We witness in harrowing and lush descriptions the scandal of the famous theologian falling for his educated and charming student their flight and secret marriage the barbaric revenge of the girl's uncle their years of separation the writing of the famous letters and finally the demise of a broken Abelard whose books have been burned a man who finds his ultimate solace in the thought of the woman who has never ceased to love him Antoine Audouard brings literary grace to a story that is palpably infused with sensuality conflict and intellectual ferment Farewell My Only One is intelligent and bawdy philosophical and romantic a universal story of star crossed lovers This is an elegantly written novel refreshing in its bawdy portrayal of religious figures and intellectually stimulating in its rigorous treatment of the theological discourse of the time Publishers Weekly *The 33 1/3 B-sides* Will Stockton, D. Gilson, 2019-09-05 If given another chance to write for the series which albums would 33 1/3 authors focus on the second time around This anthology features compact essays from past 33 1/3 authors on albums that consume them but about which they did not write It explores often overlooked and underrated albums that may not have inspired their 33 1/3 books but have played a large part in their own musical cultivation Questions central to the essays include How has this album influenced your worldview How does this album intersect with your other creative and critical pursuits How does this album index a particular moment in cultural history In your own personal history Why is the album perhaps under the radar or a buried treasure Why can't you stop listening to it Bringing together 33 1/3's rich array of writers critics and scholars this collection probes our taste in albums our longing for certain tunes and our desire to hit repeat all while creating an expansive must listen list for readers in search of unexplored musical territories

The book of Jonah has been richly commented upon by centuries of Christians and Jews Writers of prose and poetry have loved it as well as those interested in liturgy Jonah is a small book about a man swallowed by a big fish while running from God Yet it is concerned with issues powerful over time among readers of many types and cultures In essence interpreters of Jonah have a great deal of territory to explore In Jonah's Journeys Barbara Green OP focuses on the character Jonah and explores the variety of way in which the prophet and the book have been represented and understood over the ages The question of how readers construct meaning is central to the text **The Guardians on Trial** William H. F.

Altman, 2016-07-19 Based on a conception of Reading Order introduced and developed in his Plato the Teacher The Crisis of the Republic Lexington 2012 and The Guardians in Action Plato the Teacher and the Post Republic Dialogues from Timaeus to Theaetetus Lexington 2016 William H F Altman now completes his study of Plato's so called late dialogues by showing that they include those that depict the trial and death of Socrates According to Altman it is not Order of Composition but Reading Order that makes Euthyphro Apology of Socrates Crito and Phaedo late dialogues and he shows why Plato's decision to interpolate the notoriously late Sophist and Statesman between Euthyphro and Apology deserves more respect from interpreters Altman explains this interpolation and another that places Laws between Crito and Phaedo as part of an ongoing test Plato has created for his readers that puts the Guardians on Trial If we don't recognize that Socrates himself is the missing Philosopher that the Eleatic Stranger never actually describes and also the antithesis of the Athenian Stranger who leaves Athens in order to create laws for Crete we pronounce ourselves too sophisticated to be Plato's Guardians and unworthy of the Socratic inheritance *Voices From the Margin* Sugirtharajah, R.S., 2016-12-15 **What Every Middle**
