**FUNNY-SIDE UP!** Anuradha Paul, 2023-10-04 Human beings they say are the only creatures that can laugh if you don't count the hyena that is. This little book is intended to tickle one's funny bone and generate exactly that laughter. The work is therefore targeted at a reader with the ability to laugh. And everyone can if they choose to. Humour is a stress buster, the much needed comic relief that's always oxygen when life gets tough and who doesn't have tiresome moments. If they have the morning happiness with their sunny side up fried egg so too they may enjoy *Funny Side Up*. Although the poems here are generally under the head of Humour, they are a medley of pure fun, nonsense, satire and tongue-in-cheek. Anuradha Paul has happily indulged in poetic licence and has not only played on words but coined them too. Her poetry is said to provide comic relief at poetry meets where they say she conjures up the funny side of life out of the work-a-day kitchen food parking kids, the computer and of course the literary page. Humour is not a subject but a way of looking at things. In fact, when things get too serious, all the equipment one has left in one's armory is the ability to view things with a pinch of humour that can lighten the load. The fun has been enhanced by Rohan Chakravarty's cartoons. He has conceived the character Anna, a yours truly look-alike who he threads right through all the cartoons in this little book like a comic refrain. Cover Design Rohan Chakravarty

**Music Education in Crisis** Peter Dickinson, 2013 Seminal lectures on music education since the 1990s. There is no question that music education is in crisis today. The place of music in the national curriculum is controversial; there have been cuts in the provision of individual lessons and there have been severe reductions in government funding with more planned. This book containing the first five Bernarr Rainbow Lectures makes an important and timely contribution to the debate on music education. Baroness Warnock brings the perspective of a distinguished philosopher to bear on issues about the nature of music and its study. Lord Moser urges us to maintain and expand what has been achieved since World War II. The late Professor John Paynter, responsible for the 1960s surge in creative approaches to music teaching, presents his case in two contributions. John Stephens discusses structures for music teaching and then in a second contribution brings everything up to date. Professor Gavin Henderson traces his own colourful career and supports music for all ages. Also included is the 2005 Royal Philharmonic Society by the Master of the Queen's Music, Sir Peter Maxwell Davies; an assessment from Bernarr Rainbow himself written late in his life; an indictment from Wilfrid Mellers.
