

A detailed landscape painting featuring a wide, turquoise river flowing through a valley. The river is bordered by rocky banks and patches of yellow and green vegetation. In the background, majestic mountains with reddish-brown and blue-grey peaks rise against a clear blue sky with a few wispy clouds. The overall style is reminiscent of 19th-century landscape art, with visible brushstrokes and a rich color palette.

My Road To Freedom:

The Road to Freedom Peter Allman,2012-08-21 We are not human beings that have spiritual experiences We are truly spiritual beings that are currently having a human experience In The Road to Freedom Letting Go of Your Baggage Peter Allman explains that our primary purpose is to create a divine union between our human essence and our spiritual essence and provides the road map for doing so The ego is the main reason the divine union does not occur The ego is a way of thinking It is a mind a mindset that is built on the absence of the Divine and creates a false sense of self The ego mind sees the world in terms of I want this or I dont want this The three letters of ego could stand for edging God out People of all faiths have a prayer that is similar to Not my will but Thy will be done My will equates to the ego Thy will equates to our spiritual nature It is said we need to live in the world but not be of the world We need human strengths to live in the world Because we have a great capacity to subvert the will of God to our own we need to access our spiritual nature to be able to not be of the world

The Road to Freedom and the Demise of Nation States Peter B. Bos, 2015-06-08. This book describes why the politically democratic state is a mythical and illegitimate concept that does not and cannot work, and why without the corrective market feedback of profits and losses, this unstable, unmanageable, inefficient, and authoritative social organization will cause its own demise. *The Road to Freedom and the Demise of Nation States* maps out an alternative path leading to a new contractual social organization based upon individual sovereignty and freedom. Under this natural government of decentralized economic democracy, individuals vote with their money ballot for the products and services they want, including protection and jurisprudence. *The Road to Freedom* constitutes an evolutionary continuation of the principles of individual sovereignty and freedom underlying the American Revolution as expressed in the Declaration of Independence, leading to worldwide peace and prosperity.
