Time Traveler Dr. Ronald L. Mallett, Bruce Henderson, 2009-04-29 This is the dramatic and inspirational first person story of theoretical physicist Dr Ronald Mallett who recently discovered the basic equations for a working time machine that he believes can be used as a transport vehicle to the past Combining elements of Rocket Boys and Elegant Universe Time Traveler follows Mallett s discovery of Einstein s work on space time his study of Godel s work on a solution of Einstein s equation that might allow for time travel and his own research in theoretical physics spanning thirty years that culminated in his recent discovery of the effects of circulating laser light and its application to time travel The foundation for Mallett s historic time travel work is Einstein s theory of general relativity a sound platform for any physicist Through his years of reading and studying Einstein Mallett became a buff well before he had any notion of the importance of the grand old relativist s theories to his own career One interesting subtext to the story is Mallett s identification with and keen interest in Einstein Mallett provides easy to understand explanations of the famous physicist s seminal work

Seven Secrets of Time Travel Von Braschler, 2012-02-22 How to break free from the physical world and travel via the energy body Examines the seven secrets of time from the viewpoint of mystics and scientists including Helena Blavatsky C W Leadbeater and Albert Einstein Explains how transcending the physical body offers new hope for the treatment of illness emotional problems and addictions Offers step by step instructions and exercises to develop your time travel abilities via the energy body Time remains the most misunderstood and mystical dimension of our experience of life We never seem to have enough time yet often it seems to drag by too slowly Enthralled with the possibility of time travel and time machines we long for the future or regret our past and wish for a way to break out of the linear progression of time Behind all of this time fascination and obsession is the human urge to manage our destiny and feel in control of our world Yet the secret to escaping temporal bondage is inside each of us a soul given power to visit the past or future and travel through the present at the speed of light Exploring the 7 secrets of time Von Braschler reveals how to break free from the physical world and travel through time and space via the

Singing the Psalms with My Son T. Wilson Dickinson, 2023-06-02 What will the future hold for our children In a time of looming climate catastrophe this question inspires anxiety fear and guilt In Singing the Psalms with My Son Wilson Dickinson charts a path where the practices of parenting lead to transformation and hope The everyday tasks of caring for children radiate with the alternative energy of creativity and cooperation If we learn from them our homes can become schools for movements of joy and justice rather than fortresses fearfully set against the world Dickinson turns to the Psalms for guidance on this journey The prayerful poetry of the Psalter gives us refuge where we can cry in lament while still joining creation in praising God With honesty humility and humor Dickinson weaves meditations on individual Psalms with reflections on life as a parent We accompany him and his son as they find the sacred and revolutionary possibility of ordinary activities like reading children s books playing in the backyard and celebrating holidays Coupled with guidance for personal and communal use these meditations invite us to harness the power of parental love and childish wonder to work for a hopeful future
