Richard Brinsley Sheridan

My Life As A Spyhb:

My Life as a Spy John Anthony Walker, 2008 John Anthony Walker describes in compelling detail what inspired and motivated him to sell classified material to the Soviets revealing not only the engrossing details of his initial attempt to enter the Soviet embassy and the many clandestine exchanges that followed over the next two decades but also insights into his naval career and troubled personal life **BOOK JACKET** *My Life as a Spy* Katherine Verdery, 2018-05-08 As Katherine Verdery observes There s nothing like reading your secret police file to make you wonder who you really are In 1973 Verdery began her doctoral fieldwork in the Transylvanian region of Romania ruled at the time by communist dictator Nicolae Ceausescu She returned several times over the next twenty five years during which time the secret police the Securitate compiled a massive surveillance file on her Reading through its 2 781 pages she learned that she was actually a spy a CIA agent a Hungarian agitator and a friend of dissidents in short an enemy of Romania In *My Life as a Spy* she analyzes her file alongside her original field notes and conversations with Securitate officers Verdery also talks with some of the informers who were close friends learning the complex circumstances that led them to report on her and considers how fieldwork and spying can be easily confused Part memoir part detective story part anthropological analysis *My Life as a Spy* offers a personal account of how government surveillance worked during the Cold War and how Verdery experienced living under it

My Life As A Spy Leslie Woodhead, 2012-12-13 An award winning and highly distinguished documentary film maker Leslie Woodhead has written a funny sad and highly atmospheric memoir of what it was like to be hurled into maturity amidst the peculiar circumstances of the Cold War In the spring of 1956 like two million other men of his generation the eighteen year old Leslie Woodhead received a summons to serve Her Majesty Charting his progress from the austerity of post war Halifax via comically bleak RAF training camps and the grim isolated Joint Services School for Linguistics *My Life As A Spy* takes us finally to Berlin and the front line of the Cold War In the ruins of a city gripped by espionage and paranoia Leslie Woodhead discovered adulthood and his vocation as an observer and documenter of people A slice of Cold War history and a poignant tale of how our lives can be formed by events and experiences we barely comprehend at the time a delightfully irreverent memoir Woodhead s memories exude a wonderful sense of nostalgia for a world of lost innocence that to anyone over 60 is instantly recognisable Sunday Times [Blowing My Cover](#) Lindsay Moran, 2005-11-01 Call me na ve but when I was a girl watching James Bond and devouring Harriet the Spy all I wanted was to grow up to be a spy Unlike most kids I didn t lose my secret agent aspirations So as a bright eyed idealistic college grad I sent my resume to the CIA Getting in was a story in itself I peed in more cups than you could imagine and was nearly condemned as a sexual deviant by the staff psychologist My roommates were getting freaked out by government investigators lurking around asking questions about my past Finally the CIA was training me to crash cars into barriers at 60 mph Jump out of airplanes with cargo attached to my body Survive interrogation travel in alias lose a tail One thing they didn t teach us was how to date a guy while lying to him

about what you do for a living That I had to figure out for myself Then I was posted overseas And that s when the real fun began

My Life As a Spy John A. Walker,2010-12 What motivated a career naval officer to become a spy during the height of the Cold War Over the years statements by Walker have been reported in various publications but Walker has never told his own story until now

A Spy's Journey Floyd Paseman,2010-11-10 In 1967 Floyd Paseman joined the Central Intelligence Agency following successful service as an army officer in Germany He was first stationed in the Far East where he became fluent in Chinese language and culture and then in Germany at what was largely considered the agency s toughest Cold War field posting Over the years he rose from field spy to division chief and ultimately the top ranks in the Operations Directorate of the CIA Paseman details the behind the scenes intelligence gathering during the major events of eight presidential administrations from Lyndon B Johnson through George W Bush

A Spy's Resume Marc Anthony Viola,2008-09-29 Since the recent attacks of September 11 2001 the intelligence community has been on a hiring binge According to some estimates over half of those currently employed in the agencies and departments that comprise the U S intelligence community have less than six years experience Consequently there are a lot of people learning the ropes on how to become an intelligence professional A Spy s RZsumZ describes what people can expect when they decide to leave government or military service In this book Marc Anthony Viola assists government and military professionals transitioning into the civilian world using techniques from the U S intelligence community While Viola includes advice on rZsumZ writing and interviewing his book goes beyond how to find a job to the challenge of conceptualizing a new vocation as well as looking at the personal journey from the perspective of a former intelligence professional transitioning to the civilian sector Viola uses experiences and observations from his own military intelligence career in ways that are of interest and of benefit to anyone thinking of changing careers or in transition with his or her own life

Covert Operations Eugene Nelson Jr.,2010-03-25 Covert Operations Alpha is the first in a series of books that will be based loosely on my experiences as a Game Master Over the years I have GM d many different game systems and I have improved on each just a little in my Role Playing Game Covert Operations My unique approach to role playing and to GMing has spawned this first book Covert Operations Alpha is a Sci Fi Drama which follows several characters through death murder and mayhem after a failed covert operation Spy is one of the main characters After he fails to steal information from a genetics company his friend is killed during the re attempted theft The theft and the death set off a chain of events that will involve most of the key players in Chicago and bring dozens to their death as well as making many more wish that they were dead Mix in some magic high technology and some cosmic involvements and you have one volatile ride Don t blink or you might just get lost in the fray So hold on and enjoy

Ackerman, 2016-09-01 Lev Davidovich Trotsky burst onto the world stage in November 1917 as co leader of a Marxist Revolution seizing power in Russia It made him one of the most recognized personalities of the Twentieth Century a global icon of radical change Yet just months earlier this same Lev Trotsky was a nobody a refugee expelled from Europe writing obscure pamphlets and speeches barely noticed outside a small circle of fellow travelers Where had he come from to topple Russia and change the world Where else New York City Between January and March 1917 Trotsky found refuge in the United States America had kept itself out of the European Great War leaving New York the freest city on earth During his time there just over ten weeks Trotsky immersed himself in the local scene He settled his family in the Bronx edited a radical left wing tabloid in Greenwich Village sampled the lifestyle and plunged headlong into local politics His clashes with leading New York socialists over the question of US entry into World War I would reshape the American left for the next fifty years Circle of Treason Sandra V Grimes, Estate of Jeanne Vertefeuille, 2013-11-15 While there have been other books about Aldrich Ames Circle of Treason is the first account written by CIA agents who were key members of the CIA team that conducted the intense Ames Mole Hunt Sandra Grimes and Jeanne Vertefeuille were two of the five principals of the CIA team tasked with hunting one of their own and were directly responsible for identifying Ames as the mole leading to his arrest and conviction One of the most destructive traitors in American history CIA officer Aldrich Ames provided information to the Soviet Union that contributed to the deaths of at least ten Soviet intelligence officers who spied for the United States In this book the two CIA officers directly responsible for tracking down Ames chronicle their involvement in the hunt for a mole Considering it their personal mission Grimes and Vertefeuille dedicated themselves to identifying the traitor responsible for the execution or imprisonment of the Soviet agents with whom they worked Their efforts eventually led them to a long time acquaintance and coworker in the CIA's Soviet East European division and Counterintelligence Center Aldrich Ames Not only is this the

first book to be written by the CIA principals involved but it is also the first to provide details of the operational contact with the agents Ames betrayed The book covers the political aftermath of Ames s arrest including the Congressional wrath for not identifying him sooner the FBI CIA debriefings following Ames s plea bargain and a retrospective of Ames the person and Ames the spy It is also the compelling story of two female agents who overcame gender barriers and succeeded in bringing Ames to justice in a historically male oriented organization Now retired from the CIA Grimes and Vertefeuille are finally able to tell this inside story of the CIA s most notorious traitor and the men he betrayed The New-York Mirror George Pope Morris,1842 **The Sign of the Prophet** James Ball Naylor,1901
