My Memoirs Of World War II:

A Patriot's Memoirs of World War II Luciano Louis Charles Graziano, 2018-12-23 It was January 1943 when twenty year old Louis Graziano received a letter from Uncle Sam ordering him to report to Fort Niagara New York for a physical. Although he knew the United States was at war he had no idea what was ahead of him. After making a promise to dutifully defend his country Louis never realized how much his military experience would change the course of his life. In a memoir that reveals the good, bad and ugly of war and beyond Louis leads others through his life experiences via personal stories and historical photographs that provide a candid glimpse into what it was like to be a young soldier before, during and after World War II. While revealing his experiences and thoughts Louis demonstrates how he exhibited courage amid heartbreaking loss, trusted God to protect him and found love with a beautiful fellow soldier. Among his documented experiences were landing with the third wave on D Day on Omaha Beach, fighting the Battle of the Bulge and witnessing the signing of the Instrument of Surrender at the Little Red Schoolhouse. Included are personal letters and commendations as well as interesting historical facts. **A Patriot's Memoirs of World War II** shares a veteran's personal story and photographs that document his experiences during the biggest and deadliest war in history.

My Memoirs of World War II Lee Wade Foster, 2015 **My Memoirs** Taras Hunczak, 2015-12-01 The first part of the book reflects the context of life within the totalitarian systems of Communism and Nazism. The author witnessed the mass deportations under Communism and mass executions of Jews known as the Holocaust and other tragic events during WWII which left their mark on our consciousness. The memoir is a revealing story of the life of deportees who spent two years in a camp working with the prisoners of war and then after their liberation by the American Army spent four years in Displaced Persons Camps. These life experiences constituted not only a period of various limitations but also a time of psychological and intellectual development. The book conveys many details of those experiences and provides an insight into the complexities and a joyful success in the free society in the U S A.

MEMORIES OF WORLD WAR II VETS A. J. BROWN, 2011-10-11 Many of the vets I interviewed asked me why I was interested in World War II. I never forgot when Pearl Harbor was attacked I was five years old and standing at the end of the kitchen counter next to the black art deco style radio. The announcer was very loud and excited but I didn't know what he was talking about. My mother was at the other end of the counter standing in front of the kitchen sink washing a dish. All of a sudden she turned off the water and came over to stand in front of the radio. I had never seen a look on her face like that before. She called my dad to come here. Both of them stood in front of the radio with these shocked and unbelieving faces. I never forgot that experience. We next went to Sunday school and church and I remember all of the adults were talking to each other in low tones with stunned looks on their faces.

An Album of Memories Tom Brokaw, 2001-05-01 A seventeen year old who enlisted in the army in 1941 writes to describe the Bataan Death March. Other members of the greatest

generation describe their war in such historic episodes as Guadalcanal the D Day invasion the Battle of the Bulge and Midway as well as their life on the home front In this beautiful American family album of stories reflections memorabilia and photographs history comes alive and is preserved in people s own words and through photographs and time lines that commemorate important dates and events Starting with the Depression and Pearl Harbor on through the war in Europe and the Pacific this unusual book preserves a people s rich historical heritage and the legacy of the heroism of a nation *The Crusade Years, 1933-1955* George H. Nash, 2013-12-01 Covering an eventful period in Herbert Hoover s career and more specifically his life as a political pugilist from 1933 to 1955 this previously unknown memoir was composed and revised by the 31st president during the 1940s and 1950s and then surprisingly set aside This work recounts Hoover s family life after March 4 1933 his myriad philanthropic interests and most of all his unrelenting crusade against collectivism in American life Aside from its often feisty account of Hoover s political activities during the Roosevelt and Truman eras and its window on Hoover s private life and campaigns for good causes *The Crusade Years* invites readers to reflect on the factors that made his extraordinarily fruitful postpresidential years possible The pages of this memoir recount the story of Hoover s later life his abiding political philosophy and his vision of the nation that gave him the opportunity for service This is in short a remarkable saga told in the former president s own words and in his own way that will appeal as much to professional historians and political scientists as it will lay readers interested in history *Not Me! The World War II Memoir of a Reluctant Rifleman* , *Memoirs of a Born Adventurer* D. Thomas Gochenour, 2024-06-27 At the end of his illustrious career as an international adventurer and soldier of fortune Lord Higlford decided he needed to write his memoirs But he decided he needed to address both his personal life and his adventures abroad describe in detail his love life as well as his battles From the start he identified the key moments in his life such as the premature death of his mother or his father s decision to send him away from home to boarding school when he was only eight years old But the most important event in Higlford s young life was when a tutor at Eton took an interest in him and applied the effort to teach him to write and afterward critically introduced him to adventure literature Most important of these was the story of Jason and his quest for the Golden Fleece from Greek mythology This story captivated him and drove him to read the life adventures of England s greatest soldiers and adventurers including Sir Richard Burton Winston Churchill and Fitzroy Maclean Inspired by these works Higlford decided that his life s work would also be that of an explorer adventurer soldier and fighter for the British Empire Instead of going to Oxford he joined the SAS England s elite fighting force and was sent to all corners of the world to fight anti colonial insurgencies His career culminated in the quick war against the Argentines in the Falklands It was a war that ended his SAS career as well as spelled the end of his marriage Afterward he participated as a mercenary several times in Africa and decided it was better to run mercenaries than to be one so he established one of the world s first private military companies supplying mercenaries to causes and regimes in Africa and Asia This was how he stumbled onto his final greatest and most
