My Mother My Self By:

My Mother/my Self Nancy Friday, 1987 Dell celebrates the 10th anniversary of this groundbreaking bestseller 3 million now in print just in time for Mother's Day Hailed by Publishers Weekly as a landmark study **My Mother My Self** explores a daughter's search for her own identity

My Mother/My Self Nancy Friday, 1997-09-08 When Nancy Friday began her research for **My Mother My Self** in the early 1970s no work existed that explored the unique interaction between mother and daughter Today psychotherapists throughout the world acknowledge that if women are to be able to love without possessing to find work that fulfills them and to discover their full sexuality they must first acknowledge their identity as separate from their mother's Nancy Friday's book played a major role in that acceptance The greatest gift a good mother can give remains unquestioning love planted deep in the first year of life so deep and anassailable that the tiny child grown to womanhood is never held back by the fear of losing that love no matter what her own choice in love sexuality or work may be Through candid self disclosure and hundreds of interviews Friday investigates a generational legacy and reveals the conflicting feelings of anger hate and love the daughter's hold for their mothers and why they so often become that mother themselves

Summary of Nancy Friday's My Mother/My Self Everest Media, 2022-05-02T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I have always lied to my mother I was not her whole life and she knew it I was not the woman she wanted to be and she knew that too 2 Mothers may love their children but they sometimes do not like them The same woman who may be willing to put her body between her child and a runaway truck may resent the day by day sacrifice the child unknowingly demands of her time sexuality and self development 3 The hardest thing to face in mother is her sexuality We took on her anxieties fears and angers and we weave the web of emotion between ourselves and others based on what we had with her We never escape the image of how she was in our sexual lives 4 The mother daughter relationship is often filled with confusion and distrust which is caused by the mother's difficulty in communicating her true feelings and intentions to her daughter

What My Mother and I Don't Talk About Michele Filgate, 2020-08-11 You will devour these beautifully written and very important tales of honesty pain and resilience Elizabeth Gilbert New York Times bestselling author of *Eat Pray Love* and *City of Girls* from fifteen brilliant writers who explore how what we don't talk about with our mothers affects us for better or for worse As an undergraduate Michele Filgate started writing an essay about being abused by her stepfather It took her more than a decade to realize that she was actually trying to write about how this affected her relationship with her mother When it was finally published the essay went viral shared on social media by Anne Lamott Rebecca Solnit and many others This gave Filgate an idea and the resulting anthology offers a candid look at our relationships with our mothers Leslie Jamison writes about trying to discover who her seemingly perfect mother was before ever becoming a mom In Cathi Hanauer's hilarious piece she finally gets a chance to have a conversation with her mother that isn't interrupted by her domineering but lovable father Andr Aciman

writes about what it was like to have a deaf mother Melissa Febos uses mythology as a lens to look at her close knit relationship with her psychotherapist mother And Julianna Baggott talks about having a mom who tells her everything As Filgate writes Our mothers are our first homes and that s why we re always trying to return to them There s relief in acknowledging how what we couldn t say for so long is a way to heal our relationships with others and perhaps most important with ourselves Contributions by Cathi Hanauer Melissa Febos Alexander Chee Dylan Landis Bernice L McFadden Julianna Baggott Lynn Steger Strong Kiese Laymon Carmen Maria Machado Andr Aciman Sari Botton Nayomi Munaweera Brandon Taylor and Leslie Jamison *Thinks-I-to-Myself ... by Thinks-I-to-Myself, Who? Mothering, Breast Cancer and Selfhood Lynette Walker,2002 This three part story illuminates an introspective process in coming to terms first with breast cancer and mastectomy and then gradually with the long term subjective components underlying the disease Part I documents my first attempt to make sense of breast cancer I show how I dealt with the diagnosis and treatments paying particular attention to the nature of my thoughts feelings dreams and fantasies I show how amid the terror anger and sadness my creative self expression in journaling active imagination poetry ceramics and colored drawings made a positive difference Part II asks the questions What was going on in my life in the months prior to the diagnosis that would predispose me to breast cancer How was I living my life Were there warning signs Drawing from minutely recorded details in my journals I explore my breast cancer experience in a larger context I show that in ways fairly typical of our society I inadvertently participated in the disease process by way of compulsive attention to others and inadequate consideration of myself My journal exposes a sordid picture of alarming dreams warped inter personal patterns distorted self evaluations and chronic psychological and somatic disturbances in my life all signaling danger for this late 20th century woman What better metaphor than breast cancer to represent habitual self defeating patterns of mothering running madly out of control What does it take to fully come to terms with breast cancer What does it take to illuminate the disease of the soul In a final attempt to make sense of breast cancer I follow the metaphor to its source to the nature of mothering and being mothered Does the compulsion to mother the world and neglect oneself arise from excess or deficiency What are the implications of selflessness How does it arise Part III reconstructs my childhood steeped in my parents Jungian milieu It offers a rare and intimate look into the influences of intellectual and psychological immersion on early childhood development It exposes the precariousness of generations of women in my family who have been in one way or another motherless It remembers my relationship with my overpowering but vulnerable mother who was too much with me yet still missing It recognizes the life urge to differentiate from the biological mother and connect with the great life affirming Mother spirit This candid story of consciousness building and psychological reconstruction will appeal to adult readers who are searching for meaning in illness and adversity This is not a book on definitive causes of breast cancer It is not a book on how to have breast cancer and be happy It is not a guidebook solely for breast cancer patients though they will likely be

guided and inspired by what I tell It is the tapestry that honors the complexity of life the intra psychic interpersonal and archetypal worlds rolled into one The psychological perspective I offer invites the reader to own and embrace the shadow at work in the psyche It provides a mirror for serious self reflection written in accessible language Littell's Living Age ,1849

The Ladies' Home Magazine ,1859 *The London and Paris Observer* ,1837 **Supreme Court** , **Cancer, Stress,**

and Death Stacey B. Day,1986-04-30 This book has been well received in many places and in many countries It was awarded a ranking in the top ten publications on behavioral medicine in the year that it first appeared When in 1977 we began to fit the components of Cancer Stress and Death together the established medical view was that each subject represented a different discipline and that to integrate fields so diverse in information content was to seek to achieve a synthesis beyond reasonable limits Had we been required to concern ourselves with the knowledge of each component in its entirety this might have been so but our concern of course was to integrate only those items of knowledge in any one field that could bear upon the field of interest of another Moreover we were concerned that physicians and scientists take account of the inner forces that shape motivation and individual behavior as well as the cultural identity of individuals and we hoped that the biopsychosocial way in which we believed would gain ground and win support Now with need for a second edition one can hardly conceive of not bringing together diverse contributions in one volume Such syntheses as we have made clearly confirm that one can arrive at several levels of understanding of human situations through wise integration of biological paradigms within various social cultural and psychological parameters which essentially is a simple way of defining the biopsychosocial way **Chambers's Journal of Popular Literature, Science and Arts** ,1847 *A Feast of Families*

Virginia Stem Owens,2008-07-11 What do you want for your children Faced with that question Virginia Owens searches deeply for an honest answer Faith she decides is what she wants to pass on But how do we transmit our faith to the next generation in a world that has lost its regard for the family Owens shows in vivid detail how we can live in all the ups and downs of family life and still impart our faith as a true fulfillment not merely as a cultural appendage In a beautiful sensitive and heartwarming manner Virginia Stem Owens evokes many memories as she recalls the joys and sorrows of her own large and sometimes difficult and eccentric Texas clan as well as the experiences of others from Russian novelists to Texas bank robbers *A Feast of Families* is a rich and rewarding repast Mother, Heal My Self JoEllen Koerner,2003 A stirring true life story of how the daughter of a revered nurse leader was saved by a Lakota Sioux It probes the meaning of being a healer and

being healed of being a mother and how spiritual issues are passed from one generation to the next
