Disinformation Donald A. Barclay,2022-04-15 Does the idea of a world in which facts mean nothing cause anxiety Fear Maybe even paranoia Disinformation The Nature of Facts and Lies in the Post Truth Era cannot cure all the ills of a post truth world but by demonstrating how the emergence of digital technology into everyday life has knitted together a number of seemingly loosely related forces historical psychological economic and culture to create the post truth culture Disinformation will help you better understand how we got to where we now are see how we can move beyond a culture in which facts are too easily dismissed and develop a few highly practical skills for separating truth from lies Disinformation explains How human psychology the very way our brains work can leave us vulnerable to disinformation How the early visions of what a global computer network would and should be unintentionally laid the groundwork for the current post truth culture The

ways in which truth is twisted and misrepresented via propaganda and conspiracy theories How new technology not only spreads disinformation but may also be changing the way we think The ways in which the economics of information and the powerful influence of popular culture have contributed to the creation of the post truth culture Unlike the far too numerous one sided politically ideological treatments of the post truth culture Disinformation does not seek to point the finger of blame at any individuals or groups instead its focus is on how a number of disparate forces have influenced human behaviors during a time when all of humanity is struggling to better understand and more effectively control for better or worse challenging new technologies that are straining the limits of human intellectual and emotional capacity **THE GROCCOLLI**

Sex in a Dream D. Amin,2021-05-12 This book is a dream of desires and fear of the worst thing that can happen to a person and a wonderful moment to make you want everything you can have with a twist of love and abuse that will make one want to give up However it also makes you want to fight for what is rightly yours and you will subdue anything to get it back by standing through it all and whatever a thing or person can cast your way but it comes at a price that will change your thinking for the best or for the worst in you Lisa endured all she could from Duncan a hybrid vampire she came to love knowing the difference of the two Duncans her childhood friend and the beast keeping the secret to herself with the hate she also carried for them It will make you want to rethink your life for what is yours and sometimes forsake it altogether for the dark blood In a dream anything is possible as it is filled with things and wants that come true and the feeling of such Duncan her childhood friend comes to Lisa telling her it is a dream and she could do anything she wants in it and leaves her as he wakes for the day and Lisa sleeps and forgets what he said and becomes more of her dreams than life outside it Duncan her childhood friend loved Lisa since he could understand it seeing the twins Kisha the oldest and Lisa He loved them but they never came together in life but played as children As time goes on they grow apart in the same world of school and in the neighborhood but they never come together Earth Grid Down Stuart P. Coates,2017-03-27 Peter Bradshaw hates technology He knows hes a throwback to a simpler time and yet he also knows he needs the technology he hates to follow his passion Hes spent the last two decades studying ancient artifacts specifically Stonehenge the statues of Easter Island and the

Seven Wonders of the World but most importantly the Great Pyramid in Egypt. He's just made an amazing discovery. He found a crystal with the capability of moving objects of great weight which might explain how the pyramids were built. He's headed back to America to share his findings but once there he realizes an eleven foot tall woman with ill intent is following him. Then the entire world's power grid suddenly fails. An unstoppable force of nature has wiped out all advanced technology in the blink of an eye. The world has simultaneously crashed. Is it possible that whatever Peter discovered in Egypt could reboot civilization? He needs the help of the mysterious woman who's on his tail but is she willing to help or will the Earth become a place of darkness and death.

Easy Target David Grace, 2009-09-17 After twenty five years on the job NYPD Lieutenant Greg Webster retired to a small Kansas college to teach classes in Criminal Justice. Webster looked forward to the move as a well deserved rest for himself and his social worker wife Carolyn. Unfortunately before even a year had passed Carolyn was dead, killed in an apparent hit and run accident. Though dazed and heartbroken Greg suspected nothing sinister about her death until as a class project one of Webster's students began researching local violent deaths and Carolyn's accident began to look more and more like the latest in a series of murders. But why would a successful serial killer tempt fate by targeting the wife of a retired police officer? Maybe because it was all becoming too easy for him, too many easy targets. Now the murderer wanted more of a challenge, an opponent tougher than the local campus cops. But in taking on Greg Webster the Watcher has made a serious mistake. He should have heeded the old warning: Be careful what you wish for.

A Brush With Mortality Caryl Hallberg, 2024-05-26 Suspense Sexual Adventure Mystery Hot Flashes and Death This character driven novel encompasses psychological mystery and suspense in a genuinely unique manner with spoiler alerts every step of the journey. Themes related to sexuality LGBTQ HIV AIDS hospice infidelity and a little kink are explored in a partially epistolary format and in the subtle dialogue between Letty Mae and the characters with whom she interacts. By all outward appearances she's just a typical woman going through menopause at the turn of the 21st century. Living in a stale and distant marriage her grown kids living their own lives there is a psychological and sexual itch she hasn't felt in years that needs to be scratched. What are the secrets this Executive of a Hospice nonprofit keeps? Even she doesn't know for sure. Set in the San Francisco Bay Area in the year 2000 her journey explores meaning through death, erotic adventure, mystery and those thoughts and actions we'd rather keep hidden. Letty Mae searches for what it means to be a female over 50 when the new century's reality does not fit your worldview. Luckily she has a guide in the form of an elite bisexual patriarch who must in the end die. I freaking adore this book. I love the story and there are so many subtle details throughout that lend incredible depth whether to a single moment, a scene or the story as a whole. Even the smallest things like her headache easing a bit just from tossing her pantyhose you don't even realize what that truly meant in the moment not until later. There are some truly beautiful realizations about life, death, love and mortality that I think are really going to resonate with readers. His loss is tragic but necessary and he meets such a beautiful end. This is a novel that I highly recommend reading more than once. Returning to it

a second or even third time there is just so much to discover And it sticks with you long after you ve put it down Dark Star Lit
