Vaughan, 2018-06-06 Can anyone escape fate That's what Mac and her fellow newspaper delivery girls must discover as they break free from the year 2000 and travel to our distant future Pembroke Dave Baron, 2016-07-27 Winner ISHS Annual Award for a Scholarly Publication 2017 With a population of about two thousand Pembroke Township one of the largest rural black communities north of the Mason Dixon Line sits in an isolated corner of Kankakee County Illinois sixty five miles south of Chicago It is also one of the poorest places in the nation Many black farmers from the South came to this area during the Great Migration finding Chicago to be overcrowded and inhospitable they were able to buy land in the township at low prices The poor soil made it nearly impossible to establish profitable farms however and economic prosperity has eluded the region

ever since *Pembroke A Rural Black Community on the Illinois Dunes* chronicles the history of this inimitable township and shows the author's personal transformation through his experiences with Pembroke and its people. A native of nearby Kankakee, author Dave Baron first traveled to Pembroke on a church service trip at age fifteen and saw real poverty firsthand but he also discovered a community possessing grace and purpose. Baron begins each chapter with a personal narrative from his initial trip to Pembroke. He covers the early history of the area explaining how the unique black oak savanna ecosystem was created and describing early residents including Potawatomi tribes and white fur traders. He introduces readers to Pap and Mary Tetter, Pembroke's first black residents who, according to local lore, assisted fugitives on the Underground Railroad. He details the town's wild years when taverns offered liquor, drugs, and prostitution; discusses the many churches of Pembroke and the nearby high school where, in spite of sometimes strained relations, Pembroke's black students have learned alongside white students of a neighboring community since well before *Brown v. Board of Education*. He outlines efforts by conservation groups to preserve Pembroke's rare black oak savannas and analyzes obstacles to and failed attempts at economic development in Pembroke as well as recent efforts including organic farms and a sustainable living movement which may yet bring some prosperity. Based on research, interviews with residents, and the author's own experiences during many return trips to Pembroke, this book part social, cultural, legal, environmental, and political history and part memoir profiles a number of the colorful longtime residents and considers what has enabled Pembroke to survive despite a lack of economic opportunities. Although Pembroke has a reputation for violence and vice, Baron reveals a township with a rich and varied history and a vibrant culture.

Showdown Larry Elder, 2013-04-26 *The Ten Things You Can't Say in America* struck a chord with eager readers across the country, exposing truths others have been too afraid to address. In his new book, Elder is out to slay entrenched and enmeshed special interest groups, government agencies with the capacity to meddle in Americans' lives, and businesses, lawmakers who continue a pattern of outrageous overtaxation, and those who would hamstring this country with good intentions. *Showdown* demonstrates how the nation would be better, stronger, and safer with less government intervention and how individuals would not only cope but thrive without the so-called safety net. *Showdown* is a call to arms for a truly free society. Elder discusses what a Republican-led government means for progress. Where a responsible government would put its citizens' tax dollars. Why racial and sex discrimination are non-issues in the 21st century. Larry Elder's straight talk and common sense solutions spare no one and will inspire his passionate and growing audience.
