On A Prayer*, Desmond himself takes center stage to share his transformational story from misfit outsider to cultural pacesetter. In collaboration with legendary music biographer David Ritz, Child recounts his unconventional upbringing as his colorful family fled Cuba in the 1960s and fell into poverty. He details his shocking discovery at age 18 that the man he called dad was not his biological father after all, and he courageously bares his soul about navigating the trials of being a Latino gay man in the macho world of rock and roll. This is a story of willing himself to succeed and overcome impossible odds to establish himself as one of the most influential composers and lyricists of all time.

Psycho in the Shower Philip J. Skerry, 2009-04-01 This is a brilliant study of one scene in one movie: the shower scene from *Psycho*. Every other chapter is an extended interview with someone who worked on the original film or on Gus van Sant's remake from a few years ago. The non-interview chapters take various approaches to film criticism and refer often to the author and his writing of this book. It's lightly done but compelling and often very entertaining.

The Life and Loves of a Not So Average Joe, **Induced After Death Communication** Allan Botkin, 2014-05-01 Dr. Botkin has hit upon a fascinating and powerful new tool that may not only help clients cope with their losses but also breaks new ground in understanding life and death. Bruce Greyson, MD, bestselling author of *After*, a must-read for all serious students of death and dying. Raymond Moody, MD, PhD, *Induced After Death Communication* (IADC) is a therapy for grief and trauma that has helped thousands of people come to terms with their loss by allowing them the experience of private communication with their departed loved ones. This is the definitive book on the subject. Botkin, a clinical psychologist, created the therapy while counseling Vietnam veterans in his work at a Chicago area VA hospital. Botkin recounts his initial accidental discovery of IADC during therapy sessions with Sam, a Vietnam vet haunted by the memory of a Vietnamese girl he couldn't save. During the session, quite unexpectedly, Sam saw a vision of the girl's spirit who told him everything was okay; she was at peace now. This single moment surpassed months of therapy and allowed Sam to reconnect with his family. Since that 1995 discovery, Botkin has used IADC to successfully treat countless patients; the book includes dozens of case examples and has taught the procedure to therapists around the country. This is the inside story of a revolutionary therapy that will profoundly affect how grief and trauma are understood and treated.

Tales from the Joe Zone Joe B. Stallings, Jr., 2021-04-30 Inside are sixteen entertaining short stories that I've written over the past few years. You'll find the stories teeming with delight, and among the most original short stories you'll ever read: someone being blackmailed, a teenage girl digging a tunnel, a boy and a girl on a school bus, a man renting a well, you'll see. Although I'm an avid reader, I read mostly nonfiction, which has helped me immensely in weaving my fiction stories together. After reading my stories, you'll agree I am quirky.
