My Spanish Years And Other Poems:

Seventeenth-Century Spanish Poetry Arthur Terry, 1993-11-11 The first comprehensive study in English of one of the most important bodies of verse in European literature **Poetry in Person** Alexander Neubauer, 2010-11-03 In the fall of 1970 at the New School in Greenwich Village a new teacher posted a flyer on the wall begins Alexander Neubauer's introduction to this remarkable book It read Meet Poets and Poetry with Pearl London and Guests Few students responded No one knew Pearl London the daughter of M Lincoln Schuster cofounder of Simon with Galway Kinnell his influential notion that the new nature poem must include the city and not exclude man with June Jordan Poem in Honor of South African Women and the question of political poetry and its uses Published here for the first time the conversations are intimate funny irreverent and deeply revealing Many of the drafts under discussion Robert Hass's Meditation at Lagunitas Edward Hirsch's Wild Gratitude Robert Pinsky's The Want Bone turned into seminal works in the poets careers There has never been a gathering like Poetry in Person which brings us a wealth of understanding and unparalleled access to poets and their drafts unraveling how a great poem is actually made From the Hardcover edition **Horses in the Air and Other Poems** Jorge Guillén, 1999-07 Guillén's view of Europe from the New World his experience as an exile and as an immigrant as well as his encounter with Spanish America and with Spain in America City Lights Publishers **A Directory of American Poets and Fiction Writers**, 1997 **Making Something Happen** Michael Thurston, 2003-01-14 Poetry makes nothing happen wrote W H Auden in 1939 expressing a belief that came to dominate American literary institutions in the late 1940s the idea that good poetry cannot and should not be politically engaged By contrast Michael Thurston here looks back to the 1920s and 1930s to a generation of poets who wrote with the precise hope and the deep conviction that they would move their audiences to action He offers an engaging new look at the political poetry of Edwin Rolfe Langston Hughes Ezra Pound and Muriel Rukeyser Thurston combines close textual reading of the poems with research into their historical context to reveal how these four poets deployed the resources of tradition and experimentation to contest and redefine political common sense In the process he demonstrates that the aesthetic censure under which much partisan writing has labored needs dramatic revision Although each of these poets worked with different forms and toward different ends Thurston shows that their strategies succeed as poetry He argues that partisan poetry demands reflection not only on how we evaluate poems but also on what we value in poems and therefore which poems we elevate *The Life and Writing of Fray Angélico Chávez* Ellen McCracken, 2009-12-31 The year 2010 will mark the centenary of writer historian and preservationist Fray Angélico Chávez's birth and this volume will serve as a fitting tribute *Spanish Women Writers and Spain's Civil War* Maryellen Bieder, Roberta Johnson, 2016-12-01 The Spanish Civil War 1936-1939 pitted conservative forces including the army the Church the Falange fascist party landowners and industrial capitalists against the Republic installed in 1931 and supported by intellectuals the petite bourgeoisie many campesinos farm laborers and the urban proletariat Provoking heated passions

on both sides the Civil War soon became an international phenomenon that inspired a number of literary works reflecting the impact of the war on foreign and national writers While the literature of the period has been the subject of scholarship women s literary production has not been studied as a body of work in the same way that literature by men has been and its unique features have not been examined Addressing this lacuna in literary studies this volume provides fresh perspectives on well known women writers as well as less studied ones whose works take the Spanish Civil War as a theme The authors represented in this collection reflect a wide range of political positions Writers such as Maria Zambrano Merc Rodoreda and Josefina Aldecoa were clearly aligned with the Republic whereas others including Mercedes Salisachs and Liberata Masoliver sympathized with the Nationalists Most however are situated in a more ambiguous political space although the ethics and character portraits that emerge in their works might suggest Republican sympathies Taken together the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history

Encyclopedia of American Poetry: The Nineteenth Century Eric L. Haralson, 2014-01-21 With contributions from over 100 scholars the Encyclopedia of American Poetry The Nineteenth Century provides essays on the careers works and backgrounds of more than 100 nineteenth century poets It also provides entries on specialized categories of twentieth century verse such as hymns folk ballads spirituals Civil War songs and Native American poetry Besides presenting essential factual information each entry amounts to an in depth critical essay and includes a bibliography that directs readers to other works by and about a particular poet
