My Struggle For Freedom A Memoir:

My Struggle for Freedom Hans Küng, 2005-01-01 Hans Küng is undoubtedly one of the most important theologians of our time but he has always been a controversial figure and as the result of a much publicized clash over papal infallibility had his permission to teach revoked by the Vatican Yet at seventy five he is also something like a senior statesman one of the Group of Eminent Persons convened by the UN Secretary General Kofi Annan and a friend of heads of government like Tony Blair and President Mubarak of Egypt In this fascinating autobiography he gives a frank and outspoken account of the first four decades of his life He tells of his youth in Switzerland and his decision to become a priest his doubts and struggles as he studied in Rome and Paris and his experiences as a professor in Tübingen where he received a chair at the amazingly early age of thirty one Most importantly as one of the last surviving eye witnesses he gives an authentic account of the struggles behind the scenes at the Second Vatican Council in which he took part as a theological expert Here it becomes clear just how major an influence he was to the point of shaping the Council's agenda and drafting speeches for bishops to deliver in plenary sessions With its rich thought and vivid narrative Küng's book paints a moving picture of his personal convictions and his struggle for a Christianity characterized not by the domination of an official church but by Jesus **My Fight For Irish**

captivates ensuring that readers gain a profound understanding of the complexities surrounding Ireland's quest for independence

My Journey to Freedom Judith K. Lowe, 2005-03-10 My Journey to Freedom is a tale of a young girl growing up in war-torn Romania and her trials and efforts to become a physician and practice medicine in communist Romania and free America. On her plane flight to freedom she reflects on the difficult years as a young girl growing up in Romania during turbulent times. Born to two Jewish physicians her comfortable life is soon shattered by war. Initially the hardships of rationing give way to the terror of Jewish persecution and the destruction of combat. After the war she becomes a doctor and is sent to a country practice in a nation now under communist control. She vividly recounts her practice of medicine under difficult bureaucratic and sometimes primitive conditions. Her story is peppered with heart-wrenching medical cases about trying to provide optimal health care under these difficult circumstances. Finally arriving in America she pursues her desire to continue her professional practice and recounts her struggle to achieve this goal. Again the personal medical stories help demonstrate that her passion and dedication she showed in Romania are carried to her new country. Her new family of patients though of different means shows adulation very similar to the more country peasants. Though there are many stark contrasts between her practice under communist rule and that of her American practice there is a similarity of physician dedication and effort and in return the patients' appreciation and gratitude. I much enjoyed this book and found it very entertaining and well done. It was quite interesting to see the ravages of WWII through a young Jewish girl's eyes. I especially liked reading about the specific medical cases and viewing them in the context of the hardships, frustrations, and challenges brought about by the practice of medicine in an isolated rural area under communist rule. I also took pleasure in learning about the contrasts and similarities in the medical care and technology in a communist-controlled relatively primitive area and time versus that of modern treatment in America. I delighted in the revelations that despite stark differences between these two settings, doctor dedication and patient gratitude remains reassuringly very similar.

Guardian of the Light Paddy Kearney, 2010-06-01 Denis Hurley was not born in a lighthouse as some people imagine. His father was the keeper of the lighthouse at Cape Point, the guardian of the light that warns the sailors of dangers and guides them away from destruction. Now the son did not follow in his father's footsteps. But he became a lighthouse keeper too, the guardian of the light that warns of dangers and saves us from destruction. The lighthouse has become a symbol of light and hope, and our Archbishop has been doing this work of warning and guiding for the greater part of his life. And he has done it with great faithfulness for which today we give thanks.

Alan Paton author of Cry the Beloved Country Vintage 2002 Born in Cape Town in 1915 of Irish parents, Dennis Hurley became the youngest Catholic bishop in the world in 1947 at 31 and would later come to be regarded along with Desmond Tutu as one of the South African state's most wanted political opponents. His inspiring life as a courageous opponent of South Africa's apartheid regime for over 50 years and as a champion of the reforms and spirit of Vatican II is chronicled in this indispensable work

My Conscience U

Kyaw Win,2016-07-08 Since gaining its independence from British colonial rule in 1948 Burma's history has been cursed. The military raped the resource rich country for fifty years and drove its people to penury. Activists who advocated for democracy were imprisoned, tortured and exiled. Civil society institutions were ground into oblivion. My Conscience: An Exile's Memoir of Burma is U Kyaw Win's compelling account of the bleeding of his homeland by the military. Born during the waning days of colonial rule, he experienced the brutality of Japanese occupation and the heady early days of independence. He studied abroad and acquired the skills that his country would need, but when the military seized power in 1962, he was made stateless and not allowed to return home for forty years. This memoir tells the story of his lifelong efforts to attract international attention to Burma's destruction and to restore freedom to his homeland. Win's memoir chronicles the struggles that he and those who fought for their country's freedom faced. He recounts the giants in Burma's struggle he met in his pursuit. At this historical moment in 2016, it is uncertain whether the elected civilian majority in parliament will take office and if the military will permit a government of the people's choice to rule. *Michael Collins's Intelligence War* Michael T. Foy,2008-08-01

Michael Collins is often thought of as Ireland's lost leader, a man born into a revolutionary environment who became a skilled statesman and military leader. His personality and actions fascinated both the Irish population and his British enemies who sought to repeatedly capture him. Setting the secret war firmly within the context of the Irish capital at the time, the author draws on an extensive range of primary sources including documents which have only recently been released to vividly recapture the atmosphere of the period. **The De-Judaization of the Image of Jesus of Nazareth (The Virgin Mary) at the Time of the Holocaust: Ensoulment and the Human Ovum** Thomas Alexander Blüger,2021-03-09

Thomas has been researching his family's Jewish background for the last thirty years. Herein, he investigates how his Jewish grandparents and aunt, defined as a nonprivileged Mischling, survived the war while living in the heart of Nazi Germany. This led Thomas to research Hitler's fear of having partial Jewish ancestry and expanded into a full-blown study of following Christianity's understanding of the Jewish identity of Jesus of Nazareth throughout history. Not leaving matters here, Thomas outlines how Marian dogmatic theology used at the time of the Shoah brought to conclusion the Church's long journey in defining the time of ensoulment as articulated in the papal document *Ineffabilis Deus* promulgated by Pius in 1854. This happened twenty-seven years after the discovery of the human ovum in 1827 by Karl Ernst von Baer. Years later, with the emergence of Nazi racial ideology, many anti-Christian Christians attempted to invert Christianity's core message of salvation through faith toward biological ends. This would not do. Roman authorities had consistently held throughout the centuries that faith is about salvation and not about biology. According to that same end, the ideal of ensoulment, since the time of the Church's renewed understanding of it beginning in 1854 and indeed as it was first articulated through the writings of Aristotle and received into Christianity through the writings of Saint Augustine and later Thomas Aquinas, was newly preserved within the confines of Western civilization. This is the first book the author knows of that follows Augustine's concept of ensoulment as well as

Aquinas's thinking on the matter while linking these to Karl Ernst von Baer's discovery of the human ovum in 1827 up until the events of Shoah and beyond. This study is phenomenological in nature in that it does not follow Jesus of Nazareth the Virgin Mary throughout history but rather follows the image of Jesus of Nazareth the Virgin Mary a monumental difference. This study supports the Second Vatican Council the Church's latest and ongoing efforts in affirming the Jewish identities of both Jesus of Nazareth and the Virgin Mary. John Paul II's call for a purification of memory beginning in a year of Jubilee as well as the many present efforts in Catholic Jewish relations. This study builds upon the author's past article *Following the Virgin Mary through Auschwitz Marian Dogmatic Theology at the Time of the Shoah* published in *Holocaust Studies A Journal of Culture and History* Vol 14 winter 2008 No 3 pp 1-24.

Autobiography of a Freedom Rider Thomas Armstrong, Natalie Bell, 2011-04-20. In the segregated Deep South when lynching and Klansmen and Jim Crow laws ruled there stood a line of foot soldiers ready to sacrifice their lives for the right to vote to enter rooms marked White Only and to live with simple dignity. They were called Freedom Riders and Thomas M. Armstrong was one of them. This is his story as well as a look ahead at the work still to be done. June 1961 Thomas M. Armstrong determined to challenge segregated interstate bus travel in Mississippi courageously walks into a Trailways bus station waiting room in Jackson. He is promptly arrested for his part in a strategic plan to gain national attention. The crime: Daring to share breathing space marked Whites Only. Being of African American descent in the Mississippi Deep South was literally a crime if you overstepped legal or even unspoken cultural bounds. In 1961 the consequences of defying entrenched societal codes could result in brutal beatings displacement even murder with no recourse for justice in a corrupt political machine thick with the grease of racial bias. The Freedom Rides were carefully orchestrated and included both black and white patriots devoted to the cause of desegregation. *Autobiography of a Freedom Rider* details the strategies employed behind the scenes that resulted in a national spectacle of violence so stunning in Alabama and Mississippi that Robert Kennedy called in Federal marshals. Armstrong's burning need to create social change for his fellow black citizens provides the backdrop of this richly woven memoir that traces back to his great grandparents as freed slaves. Armstrong examines the history of the Civil Rights Movement the devastating personal repercussions Armstrong endured for being a champion of those rights the sweet taste of progressive advancement in the past 50 years and a look ahead at the work still to be done. Hundreds were arrested for their

part in the Freedom Rides Thomas M Armstrong amongst them But it is the authors quest to give homage to the true heroes of the civil rights movement the everyday black Southerners who confronted the laws of segregation under which they lived the tens of thousands of us who took a chance with our lives when we decided that no longer would we accept the legacy of exclusion that had robbed our ancestors of hope and faith in a just society **Uncommon Prayer** Michael

obedience is seen as outdated today if not downright toxic and yet are we any freer than our forebears In this provocative work Jacob Phillips argues not Many feel unable to speak freely their opinions policed by the implicit or explicit threat of coercion Impending ecological disaster is the ultimate threat to our freedoms and wellbeing and living in a disenchanted cosmos leaves people enslaved to nihilistic whim Phillips shows that the antiquated notion of obedience to the moral law contains forgotten dimensions which can be a source of freedom from these contemporary fetters These dimensions of obedience such as loyalty discipline and order protect people from falling prey to the subtle forms of coercion control and domination of twenty first century life Fusing literary insight with philosophical discussion and cultural critique Phillips demonstrates that in obedience lies the path to true freedom **Freedom's March** ,2008 Marking the forty fifth

Reincarnation, Oblivion or Heaven? Bobby Bose, 2016-07-31 What is death Why do we die and what happens after we die Over the centuries philosophers and theologians of the world's religions have offered answers to the dilemma of death yet this subject is rarely given the detailed attention it deserves in the contemporary Christian church As Christians how does our view of death impact the communication of the gospel in today's pluralistic societies In this study Dr Bobby Bose not only develops a solid biblical theology of death he also reviews the teachings of contemporary and historical Christian theologians around the world and examines the state after death beliefs of Hindus Muslims and Secular Humanists The author shows that state after death was a central component of conversation in the early church and is also a major component of God's mission to rescue humanity As the East converges with the West it is vital that Christians develop a missiological approach to state after death that will encourage positive engagement with people of other faiths and beliefs
