American West Laura E. Woodworth-Ney,2008-04-03 This engaging narrative synthesizes more than 20 years of historical writing on the history of women in the American West Twenty years after many Western historians first turned their attention toward women Women in the American West synthesizes the development of women s history in the region introduces readers to current thinking on the real experiences of Western women and explores their influence on the course of expansion and development since the 19th century Women in the American West offers vivid portrayals of women as pioneers prostitutes teachers disguised soldiers nurses entrepreneurs immigrants and ordinary citizens caught up in extraordinary times Organized chronologically each chapter emphasizes important themes central to gender and women s history including women s mobility women at home wage labor immigration marriage political participation and involvement in wars at home and abroad With this revealing volume readers will see that women had a far more profound effect on the course of history in the Western United States than is commonly thought *Playing House in the American West* Cathryn Halverson,2013-11-26 Examines an eclectic group of western women s autobiographical texts canonical and otherwise Playing House in the American West argues for a distinct regional literary tradition characterized by strategic representations of unconventional domestic life The controlling metaphor Cathryn Halverson uses in her engrossing study is playing house From Caroline Kirkland and Laura Ingalls Wilder to Willa Cather and Marilynne Robinson from the mid nineteenth to the late twentieth centuries western authors have persistently embraced wayward or eccentric housekeeping to prove a woman s difference from western neighbors and eastern readers alike The readings in Playing House investigate the surprising textual ends to which westerners turn the familiar terrain of the home evaluating community arguing for different conceptions of race and class and perhaps most especially resisting traditional gender roles Western women writers Halverson argues render the home as a stage for autonomy resistance and imagination rather than as a site of sacrifice and obligation The western women examined in Playing House in the American West are promoted and read as representatives of a region as insiders offering views of distant and intriguing ways of life even as they conceive of themselves as outsiders By

playing with domestic conventions they recast the region they describe portraying the West as a place that fosters female agency individuality and subjectivity
