MacIntyre Antony Garrard Newton FLEW (and MAC INTYRE (Alexander Chalmers)), Alexander Chalmers MACINTYRE, 1955 **God and the Ethics of Belief** Andrew Dole, Andrew Chignell, 2005-06-06 Philosophy of religion in the Anglo American tradition experienced a rebirth following the 1955 publication of *New Essays in Philosophical Theology* eds Antony Flew and Alisdair MacIntyre Fifty years later this volume of essays offers a sampling of the best work in what is now a very active field written by some of its most prominent members A substantial introduction sketches the developments of the last half century while also describing the ethics of belief debate in epistemology and showing how it connects to explicitly religious concerns and to the topics of the individual contributions These topics include the relationship between God and the natural laws the metaphysics of bodily resurrection the role of appeal to mystery in the religious life the justification of both theistic belief generally and more specific doctrinal beliefs and the social political aspects of religious faith and practice **Essays New Theologie** Antony Flew, Alasdair MacIntyre, 1969 New Essays in Philosophical Theology Ed. by Anthony Flew , Alasdair Macintyre , 1955 Analytic Theology Oliver D. Crisp, Michael C. Rea, 2009-02-13 Philosophy in the English speaking world is dominated by analytic approaches to its problems and projects but theology has been dominated by alternative approaches Many would say that the current state in theology is not mere historical accident but is rather how things ought to be On the other hand many others would say precisely the opposite that theology as a discipline has been beguiled and taken captive by continental approaches and that the effects on the discipline have been largely deleterious The methodological divide between systematic theologians and analytic philosophers of religion is ripe for exploration The present volume represents an attempt to begin a much needed interdisciplinary conversation about the value of analytic philosophical approaches to theological topics Most of the essays herein are sympathetic toward the enterprise the editors are calling analytic theology but with an eye toward

balance the volume also includes essays and an introduction that try to offer more critical perspectives on analytic theology
