New Intimacy:

Repairing Intimacy Judith Siegel, 1995-12-01 Couples therapy is greatly enhanced when both the intrapsychic and interpersonal realms can be utilized. Object relations theory allows linkages between the spouses' subjective realities and their relationship in a way that allows the two worlds to be mutually informing. In *Repairing Intimacy*, the theories of the American object relations theorists are applied to couple dynamics. The representational world is used to explain how primitive defense mechanisms and other intrapsychic phenomena contribute to marital conflict. The structure, function, and content of the representational world all contribute to spousal expectations and the couple's capacity for intimacy. Esteem, soothing, and the propensity of splitting strongly affect the ways in which spouses interact. Projective identifications similarly provide explanations of the couple's interaction, internalized conflicts, and relationships with earlier objects. This book explains how object relations concepts can be used in assessment and in planning treatment goals. Treatment can provide stability or help the couple relate to each other with deepened understanding. Object relations dynamics can help therapists assess which treatment objectives and goals are most applicable to the couples they treat. The beginning and middle phases of couples treatment are given special consideration and include issues such as assessing the couple's commitment to each other and the importance of empathic listening. Other treatment topics include analysis of projective identification and the use of countertransference. Planned and unplanned terminations are also explored. In each treatment section, case material is provided to explicate the therapist's role. The book also examines common therapy issues from an object relations perspective. These include the consequences and advantages of conjoint, concurrent, and collateral treatment approaches. Consideration is also given to the choice of focusing on the couple when the initial presenting problem is the family or an individual. Individual psychotherapy and family therapy can no longer be viewed as competing and disparate treatment approaches. This book creates an integrated approach so that couples can be understood in their totality. A Jason Aronson Book

Intimacy in Later Life Kate M. Davidson, Graham Fennell, 2017-07-12 To love and be loved is arguably one of the most powerful and fundamental driving forces sustaining self-esteem and self-identity throughout the life course. Need for reciprocal loving does not change as we grow older despite failures of health, loss of a partner, late divorce, and alterations of personality due to the aging process. However, most studies of human sexuality have ignored the problems and developing patterns of older adults entering into new partnerships. To fill this gap, *Intimacy in Later Life* brings together a wide range of distinguished international scholars to address this neglected research area.

Intimate Couple Jon Carlson, Len Sperry, 2013-06-17 As important as intimacy is in our personal and professional lives, intimacy as a theoretical and clinical factor still remains a phenomenon. Contributors to this work examine the many definitions of intimacy, putting forth a provocative discussion of the multi-faceted topic and offering the best possible clinical methods of creating intimacy and addressing its challenges.

The New Intimacy Ronald M. Mazur, 2000-04 The close of the 20th century has witnessed the minority status of the traditional family in America On the threshold of a new millennium now is an opportune and urgent time to give voice to the intimacies of alternative lifestyles including open marriage Traditional monogamy is still the prize for countless adults searching for meaning and love in their lives That search is honored by myriad religious and societal supports It is to non traditionalists to those ready for new life and love affirmations that this book is offered with joy The evolution of human consciousness prepares the way for the unfolding of our universal polyamorous potential Let the pioneers be unafraid to move beyond the ancient limits of relationships to the new intimacy of responsible erotic freedom May the new millennium be the end of pleasure phobia

media What impact does the increasingly public character of personal life have on our sense of ourselves and on how we view our own intimate choices To navigate our way through a world in which people s private lives are so often subject to public scrutiny and debate and in which the public sphere is increasingly pluralized and contested we must broaden our understanding of what it means to be a citizen Through the idea of intimate citizenship Plummer sets an important agenda for the years to come

Transnational Geographies of The Heart Katie Walsh, 2018-04-03 Transnational Geographies of the Heart explores the spatialisation of intimacy in everyday life through an analysis of intimate subjectivities in transnational spaces Draws on ethnographic research with British migrants in Dubai United Arab Emirates during a phase of rapid globalisation and economic diversification in 2002 2004 Highlights the negotiation of inter personal relationships as enormously significant in relation to the dialectic of home and migration Includes four empirical chapters focused on the production of expatriate subjectivities community and friendships sex and romance and families Demonstrates that a critical analysis of the geographies of intimacy might productively contribute to our understanding of the ways in which intimate subjectivities are embodied emplaced and co produced across binaries of public private and local global space

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.
