New Directions In Military Sociology:

New Directions in Military Sociology Eric Ouellet, 2005 This edition brings together military sociologists from eight countries to discuss and illustrate new directions for military sociology As the roles and even the meaning of the armed forces are evolving rapidly the authors present alternate ways of looking at key social issues and assumptions about armed forces and society The chapters examine the foundations of military sociology and elucidate the potential contributions of interpretative sociology and allied approaches to the study of military affairs This collection is intended primarily for academic researchers and students of military affairs in both civilian and military institutions Researchers will find a wide array of tools and perspectives that can be used in dealing with the challenges that face the armed forces and society The text offers several pedagogical features such as learning objectives key terms and concepts study questions and other resources that undergraduates as well as graduate students and their teachers will find most helpful *Military Mission Formations and Hybrid Wars* Thomas Vladimir Brønd, Uzi Ben-Shalom, Eyal Ben-Ari, 2020-10-25 This volume explores and develops new social scientific tools for the analysis and understanding of contemporary military missions in theatre Despite the advent of new types of armed conflict the social scientific study of militaries in action continues to focus on tools developed in the hey day of conventional wars These tools focus on such classic issues as cohesion and leadership communication and unit dynamics or discipline and motivation While these issues continue to be important most studies focus on organic units up to and including brigades By contrast this volume suggests the utility of concepts related to mission formations as opposed to units or components to better capture the ongoing processual nature of the amalgamations and combinations that military involvement in conflicts necessitates The study of these formations by the social sciences sociology social psychology anthropology political science and organization science requires the introduction of new analytical tools to the study of militaries in theatre As such this volume utilizes new approaches to social life organizational dynamics and to armed violence to understand the place of the armed forces in contemporary conflicts and the new tasks they are assigned This book will be of much interest to students of military studies sociology security studies and International Relations in general **Arms and the University** Donald Alexander Downs, Ilia Murtazashvili, 2012-02-27 The gap between the U S military and society has widened in recent years posing problems for the constitutional order The gap is especially acute in major universities Arms and the University probes various dimensions of the tense relationship between the military and the university Developing and applying a theory of civic and liberal education this book shows how some military presence on campus can contribute to the diversity of ideas and the education of all students **War, Identity and the Liberal State** Victoria Basham, 2013-07-24 This book critically examines the significance of gender race and sexuality to wars waged by liberal states Drawing on original field research with British soldiers it offers insights into how their everyday experiences are shaped by and shape a politics of gender race and sexuality that not only underpins power relations in the

military but the geopolitics of wars waged by liberal states Linking the politics of daily life to the international is an intervention into international relations IR and security studies because instead of overlooking the politics of the everyday this book insists that it is vital to explore how geopolitical events and practices are co constituted reinforced and contested by it By utilising insights from Michel Foucault the book explores how shared and collectively mediated knowledge on gender race and sexuality facilitates certain claims about the nature of governing in liberal states and about why and how such states wage war against illiberal ones in pursuit of global peace and security The book also develops post structural work in international relations by urging scholars interested in the linguistic construction of geopolitics to consider the ways in which bodies objects and architectures also reinforce particular ideas about war identity and statehood

Researching the Military Helena Carreiras,Celso Castro,Sabina Frederic,2016-03-02 Researching the Military focuses on the experiences of researchers who study the military around the world It explores the historical social institutional and personal factors that frame research and scrutinize the way knowledge in this area impacts society and policy More than merely analyzing research experiences yet necessarily including them it is also about the experiences of researchers their position with regard to the object of their studies the institutional context where they work and the way their research impacts the academic and policy making fields in the respective countries The common theme to the various chapters is reflexivity a conscious effort at addressing the conditions of research and the position of the researcher and the research participants in that interface By collecting diverse experiences of researchers from across the world this volume aims to enhance reflexivity in the field of military studies and to encourage the exchange of knowledge between the academic field and the military arena This book will be of much interest to students of military studies research methods sociology social anthropology and security studies in general

A Companion to State Power, Liberties and Rights Morley, Sharon,Turner, Jo,Karen Corteen,Paul Taylor,2017-02-15 This handbook sets out defines and analyzes the essential vocabulary and terminology involved in the study of state power individual liberties and rights As part of the Companions series it is organized alphabetically taking up and defining key topics in these areas particularly as they relate to the study of crime and harm Topics addressed include state and corporate crime terrorism security risk legislation and policy human rights and civil liberties policing punishments and detention surveillance and regulation and many others Accessible yet challenging the book will be useful for both undergraduates and graduate students working in criminology criminal justice international relations political science and other fields

The Comic Art of War Christina M. Knopf,2015-08-13 For military cartoonists the absurdity of war inspires a laugh or cry response and provides an endless source of un funny amusement Cartoons by hundreds of artists at arms from more than a dozen countries and spanning two centuries are included in this study the first to consider such a broad range of military comics War and military life are examined through the inside jokes of the men and women who served The author analyzes themes of culture hierarchy enemies and allies geography sexuality combat and civilian relations and describes how

comics function within a community A number of artists included were known for their work with Disney Marvel Comics the New Yorker and Madison Avenue but many lesser known artists are recognized Embodying Militarism Synne L. Dyvik, Lauren Greenwood, 2018-02-02 How are militarism and militarisation embodied and why is it important to study these concepts together This volume highlights a lack of research into people s emotions bodies and experiences in global politics and brings these important dimensions to bear on how we study militarism and process of militarisation This collection showcases innovative research that examines people s everyday lived experience and the multiple ways militarism is enshrined in our societies Emphasising the benefits of interdisciplinary thinking its chapters interrogate a range of methodological ethical and theoretical questions related to embodiment and militarism from a range of empirical contexts Authors from a variety of disciplinary backgrounds reveal the myriad of ways in which militarism is experienced by gendered raced aged and sexed bodies The volume covers a wide range of topics including the impact of social media gender queer and feminist research on the military the challenges of writing about embodied experience and the commercialisation of military fitness in civilian life This book fills a gap in the study of militarism and militarisation and will be of interest to students and scholars of critical military studies security studies and war studies It was originally published as a special issue of the journal Critical Military Studies ECIW2009- 8th European Conference on Information Warfare and Security Henrique Santos, 2009 **Mission Uruzgan** Robert Beeres, Jan van der Meulen, Joseph Soeters, Ad Vogelaar, 2012 I en række afhandlingerne beskrives den hollandske ISAF styrkes indsats i Afghanistan fra 2001 2010 I en fireårig periode fra 2006 2010 var det hollandske kontingent indsat i den afghanske provins Uruzgan og opnåede bemærkelsesværdige resultater Sikkerhedssituationen blev forbedret den økonomiske udvikling blev stabiliseret ligesom den offentlige administration uddannelsen af børn og sundhedsplejen m.v. blev forbedret Efter 2010 er provinsen overtaget af amerikanske og australske tropper
