**Advocacy Journalists** Edd Applegate, 2009-05-11 In all likelihood advocacy journalism is the oldest form of reportage. It appears frequently whenever journalists desire to advocate their beliefs or ideas about major political or social problems. In *Advocacy Journalists: A Biographical Dictionary of Writers and Editors*, Edd Applegate identifies the most notable figures in this field. Each entry contains biographical information about a writer or editor who either wrote advocacy journalism or edited one or more publications that featured such material. Entries consist of discussions of the journalist's professional career, major works, and in some cases commentary on those works. Among those profiled here are such notables as Ambrose Bierce, William F. Buckley Jr., Eldridge Cleaver, Daniel Defoe, Germaine Greer, Pete Hamill, Karl Marx, H. L. Mencken, George Orwell, Thomas Paine, Wilfrid Sheed, Gloria Steinem, and Jonathan Swift. Unlike other books that focus on the form of advocacy journalism itself or how and why it developed, this book focuses on the lives of journalists and editors and their contributions to advocacy journalism. For scholars, teachers, and students of journalism, along with general readers who wish to discover more about advocacy journalism, this volume is an important and accessible resource.

### **The Port Huron Statement**

Richard Flacks, Nelson Lichtenstein, 2015-03-03 The Port Huron Statement was the most important manifesto of the New Left student movement of the 1960s. Initially drafted by Tom Hayden and debated over the course of three days in 1962 at a meeting of student leaders, the statement was issued by Students for a Democratic Society as their founding document. Its key idea, participatory democracy, proved a watchword for Sixties radicalism that has also reemerged in popular protests from the Arab Spring to Occupy Wall Street. Featuring essays by some of the original contributors as well as prominent scholars who were influenced by the manifesto, *The Port Huron Statement* probes the origins, content, and contemporary influence of the document that heralded the emergence of a vibrant New Left in American culture and politics. Opening with an essay by Tom Hayden that provides a sweeping reflection on the document's enduring significance, the volume explores the diverse intellectual and cultural roots of the Statement, the uneasy dynamics between liberals and radicals that led to and followed this convergence, the ways participatory democracy was defined and deployed in the 1960s, and the continuing resonances this idea has for political movements today. An appendix includes the complete text of the original document. *The Port Huron Statement* offers a vivid portrait of a unique moment in the history of radicalism, showing that the ideas that inspired a generation of young radicals more than half a century ago are just as important and provocative today. Contributors: Robert Cohen, Richard Flacks, Jennifer Frost, Daniel Geary, Barbara Haber, Grace Elizabeth Hale, Tom Hayden, Michael Kazin, Nelson Lichtenstein, Jane Mansbridge, Lisa McGirr, James Miller, Robert J. S. Ross, Michael Vester, Erik Olin Wright.

### **The Unknown**

**Constellations** Harvey Swados, 1995      *Nights in the Gardens of Brooklyn* Harvey Swados, 2004-05-31 There was a time when New York was everything to me: my mother, my mistress, my Mecca. When I could no more have wanted to live any place

else than I could have conceived of myself as a daddy disciplining my boy and dandling my daughter So begins *Nights in the Gardens of Brooklyn* which gives its title to Harvey Swados's collected stories In this beautiful and heartbreaking novella Swados describes a generation aflame with romance and disillusion in search of pleasures and answers and shows how the demands of love and life temper its hopes and fears It is a perennial story told by Swados in straightforward and lyrical prose and with tremendous sympathy and without doubt one of the most enduring achievements of postwar American fiction Harvey Swados's many splendid stories speak of work friendship and family They are about the common world as well as the final loneliness from which the common world cannot protect us And yet Swados as Richard Gilman has written was above all concerned with the breakthrough into true feeling the attainment of moral dignity and the linking up with others through compassion

**Walter Reuther** Nelson Lichtenstein, 1997 Walter Reuther the most imaginative and powerful trade union leader of the past half century confronted the same problems facing millions of working Americans today how to use the spectacular productivity of our economy to sustain and improve the standard of living and security of ordinary Americans As Nelson Lichtenstein observes Reuther the president of the United Automobile Workers from 1946 to 1970 may not have had all the answers but at least he was asking the right questions *The Most Dangerous Man in Detroit* vividly recounts Reuther's remarkable ascent his days as a skilled worker at Henry Ford's great River Rouge complex his two year odyssey in the Soviet Union's infant auto industry in the early 1930s and his immersion in the violent labor upheavals of the late 1930s that gave rise to the CIO Under Reuther the autoworkers standard of living doubled Publisher's description

**An Essay in the History of the Radical Sensibility in America** L.S. Halprin, 2021-04-06 How do you use the word radical Committed to the progressive The cooperative The communal The equalitarian In so far as social political and economic power is sought and wielded in malice just so far is benevolence radical The history of social political and economic power has been mostly the history of malice The history of benevolence has been mostly the history of radicalism The sensibility that loves benevolence has been a radical sensibility In *An Essay in the History of the Radical Sensibility in America* L. S. Halprin argues that before the middle of the nineteenth century the work of all American radicals was organized to defend some form of sentimental faith in millennial progress that the work of the great writers of the middle of the nineteenth century was the first to be fundamentally free of the constraints of sentimentality that despite that generation's accomplishments the old sentimentalities have persisted perpetuating the cycle in which illusions designed to make radicalism's chances seem better than they are become the disillusionments which make them seem worse Along the way Halprin unfolds something of the contribution of Edgar Allan Poe Nathaniel Hawthorne Herman Melville and Walt Whitman to the specific content of the radical sensibility in America Since the middle of the nineteenth century the radical's work has been primarily to accomplish

political power That work and the frustrations of it often leave little energy for the pursuit of a thoroughgoing self awareness Halprin s analysis is particularly useful now to remind readers of both the sentimentalities and the wisdoms from which we come

Fighting for Total Person Unionism Robert Bussel,2015-09-30 During the 1950s and 1960s labor leaders Harold Gibbons and Ernest Calloway championed a new kind of labor movement that regarded workers as total persons interested in both workplace affairs and the exercise of effective citizenship in their communities Working through Teamsters Local 688 and viewing the city of St Louis as their laboratory this remarkable interracial duo forged a dynamic political alliance that placed their citizen members on the front lines of epic battles for urban revitalization improved public services and the advancement of racial and economic justice Parallel to their political partnership Gibbons functioned as a top Teamsters Union leader and Calloway as an influential figure in St Louis s civil rights movement Their pioneering efforts not only altered St Louis s social and political landscape but also raised fundamental questions about the fate of the post industrial city the meaning of citizenship and the role of unions in shaping American democracy

*The New Left and Labor in 1960s* Peter B. Levy,2024-04-22 It is a powerful story the relationship between the 1960s New Left and organized labor was summed up by hardhats confronting students and others over US involvement in Vietnam But the real story goes beyond the Love It or Leave It signs and melees involving blue collar types attacking protesters Peter B Levy challenges these images by exploring the complex relationship between the two groups Early in the 1960s the New Left and labor had cooperated to fight for civil rights and anti poverty programs But diverging opinions on the Vietnam War created a schism that divided these one time allies Levy shows how the war combined with the emergence of the black power movement and the blossoming of the counterculture drove a permanent wedge between the two sides and produced the polarization that remains to this day

*A Son's Return* Sterling A. Brown,1996 Essays on African American politics literature and music by Sterling A Brown 1901 1989 which point out the biases against black Americans in white cultural expression and argue for a recognition of the
