**A Theology of International Development** Thia Cooper, 2020-02-05 Religion and development have been intertwined since development s beginnings yet faith based aid and development agencies consistently fail to consider how their theology and practice intersect This book offers a Christian theology of development with practical solutions to bridge the gap and return to truly faith based policies and practices Development aims to raise the living standard of the world s poor mainly through small scale projects that increase economic growth A theology of liberation provided a critique to development practice but a specific theology of development is still lacking and many faith based aid agencies have failed to adapt their practice In applying theological thinking to development the author argues that aid agencies need to address the entrenchment of unequal power relations and embrace a holistic notion of development defined by the needs of those most marginalized instead of by a focus on economic growth Development organisations need to consider the distinction between charity and justice and to empower people in the Global South paying particular attention to the intersections of race class sexuality religion and the environment Overall this book is a powerful call to upend development practice as it currently exists and to return faith based organizations to following Christian practices It will be an important read for religion and development researchers practitioners and students

**Orthodoxy and Anarchism** Davor Džalto, 2024-03-26 This book brings together essays by contemporary Orthodox theologians and scholars on Orthodox Christianity that analyze various aspects of the complex relationship between anarchism both as a concept and as a political philosophy and Orthodoxy As many studies have already shown the dominant theological approaches in Orthodox political theology have been characterized by the search for some kind of symphonia where a harmonious and mutually beneficial cooperation between the Church and the State has been sought Although one can see many alternative attempts in contemporary Orthodox political theology to move away from traditional monarchical and autocratic symphonic models the fact remains that most of those approaches still tend to provide theological articulations that rationalize and ultimately defend the dominant ideological systems such as those of the nation state or liberal democracy for instance There has been however another marginal and marginalized tradition in Orthodox Christian political theology which can be labelled as anarchist The purpose of this volume is to gather contemporary voices in and on Orthodox theology that explore this tradition in the history of Orthodox Christianity or that themselves employ an anarchist approach to the socio political sphere including the Church in its institutional functioning

**God or Mammon** David W. Smith, 2025-06-30 The rise of neo liberalism and globalization has hardened the capitalist worldview in such a way that it has taken on an idolatrous nature for Christianity in the West At this crucial point in time David Smith prophetically confronts this issue and invites Christians to re examine their allegiances Using Jesus s warning that the worship of God and Mammon are incompatible as a lens Smith traces the tension of this decision from the Mosaic revolution through the history of biblical Israel and into the New Testament He provides a historical survey of movements in Christianity that emerged in the constant

struggle to counter the imperial church's conformity to a materialistic culture. Finally, he examines the modern world's shift toward an economic culture which has abandoned social values and needs Christianity which has become a global movement with its heartlands across the southern hemisphere now faces the challenge and opportunity of a world in deepening crisis. In this timely and important book, Smith encourages us all to join in the quest for an alternative society that is shaped by kingdom values.

*That Holy Anarchist* Mark Van Steenwyk, Ched Myers, 2012-06-25 In *That Holy Anarchist*, Mark Van Steenwyk explores the relationship between Christianity and anarchism. The name of Jesus is invoked by those in power as well as those resisting that power. What were the politics of Jesus and how can they continue to inform us as we struggle for justice?

**The Oxford History of Protestant Dissenting Traditions, Volume V** Mark P. Hutchinson, Mark Hutchinson, 2018 Volume V extends the study of the Oxford History of Dissenting Protestant Traditions series into the twentieth century following the spatial, cultural, and intellectual changes in dissenting identity and practice as these once European traditions globalized and settled down in other places.

Galatians Nancy Bedford, 2016-08-16 In this incisive commentary, Nancy Bedford explores Paul's Letter to the Galatians as it addresses pressing issues in the earliest Christian churches. Paul argues that it is not necessary for Gentiles to become full-fledged Jews in order to follow Jesus. In Jesus Christ, differences among people will continue. Bedford sees that equality in Christ (Galatians 3:28) does not erase differences but instead breaks down hierarchical relationships among many different people and groups. She considers the implications of these convictions for Christian faith today, particularly for those outside of Western Christian traditions. Bedford's unique theological interpretive approach to Galatians is suitable for preaching and teaching preparation and is a welcome addition to the Belief series.
