Secularizing Islamists? Humeira Iqtidar, 2011-02-15 Secularizing Islamists provides an in depth analysis of two Islamist parties in Pakistan the highly influential Jama at e Islami and the more militant Jama at ud Da wa widely blamed for the November 2008 terrorist attack in Mumbai India Basing her findings on thirteen months of ethnographic work with the two parties in Lahore Humeira Iqtidar proposes that these Islamists are involuntarily facilitating secularization within Muslim societies even as they vehemently oppose secularism This book offers a fine grained account of the workings of both parties that challenges received ideas about the relationship between the ideology of secularism and the processes of secularization Iqtidar particularly illuminates the impact of women on Pakistani Islamism while arguing that these Islamist groups are inadvertently supporting secularization by forcing a critical engagement with the place of religion in public and private life She highlights the role that competition among Islamists and the focus on the state as the center of their activity plays in assisting secularization The result is a significant contribution to our understanding of emerging trends in Muslim politics

Islam's Predicament with Modernity Bassam Tibi, 2009-02-25 Islam s Predicament with Modernity presents an in depth cultural and political analysis of the issue of political Islam as a potential source of tensions and conflict and how this might be peacefully resolved Looking at the issue of modernity from an Islamic point of view the author examines the role of culture and religion in Muslim society under conditions of globalisation and analyses issues such as law knowledge and human rights He engages a number of significant studies on political Islam and draws on detailed case studies rejecting the

approaches of both Orientalists and apologists and calling instead for a genuine Islamic pluralism that accepts the equality of others. Situating modernity as a Western product at the crux of his argument, he argues that a separation of religion and politics is required, which presents a challenge to the Islamic worldview. This critical analysis of value conflicts, tensions, and change in the Islamic world will be of interest to scholars and advanced students of international relations, social theory, political science, religion, Islamic studies, and Middle Eastern studies.

Historical Dictionary of Islamic Fundamentalism Mathieu Guidère, 2017-09-20. After the rise of the Islamic State in the Middle East and the new geopolitical landscape in this region, it is essential for the modern reader to understand the history that has allowed for and influenced these types of Islamic groups to form. *Historical Dictionary of Islamic Fundamentalism* acts as a didactic resource that explains from the Islamic perspective the historical importance of the Islamic fundamentalist world. This dictionary provides a comprehensive and thorough analysis of various groups, events, movements, key figures, and dogmas that have influenced contemporary Islamic fundamentalism. A chronology spanning 600 years, graphs of complex Islamic group associations and alliances, and an Arabic to English glossary have all been included to facilitate a complete understanding of the nuances and generalities that have shaped this movement. This second edition of *Historical Dictionary of Islamic Fundamentalism* also contains an introduction, appendixes, an extensive bibliography, and more than 700 cross-referenced entries on ideologies, people, events, and movements of the 20th and 21st centuries.

Fundamentalism Torkel Brekke, 2011-12-26. This book investigates the origins of fundamentalism, outlining its characteristics and the history of key fundamentalist movements around the world, considering examples from Christianity, Islam, Buddhism, and Hinduism. The book argues that fundamentalism develops when modern lay religious leaders challenge the authority of secular states and traditional religious establishments. These new leaders and their followers seek to infuse religious values and practices into all spheres, especially law, politics, education, and science. The patterns of religious authority and leadership that characterize fundamentalism have their roots in a Christian context but were globalized through intense intercultural contacts after the mid-nineteenth century. Fundamentalism is a thoroughly modern and global phenomenon because it presupposes the globalization of ideas and practices concerning religious leadership and organization, as well as universal changes in the relationship of religion to modern societies and states.

Political Ascent Emad Eldin Shahin, 2018-02-23 Islamic movements in North Africa have historically been distinguished from their counterparts in other parts of the Arab world because they have demonstrated a marked willingness to work within the political system and have at times even been officially recognized and allowed to participate in local and national elections As a result Islamic thinkers from the Maghrib have produced important writing about the role of Islam and the state democracy and nonviolent change In this book Emad Shahin offers a comparative analysis of the Islamic movements in Algeria Tunisia and Morocco exploring their formation and expansion in the late 1960s and the tenets of their ideology for social transformation Islamic movements in North Africa have historically been distinguished from their counterparts in other parts of the Arab world because they have demonstrated a marked willingness to work within the political system and have at times even been officially recognized and allowed to participate in local and national elections As a result Islamic thinkers from the Maghrib have produced

important writing about the role of Islam and the state democracy and nonviolent change In this book Emad Shahin offers a comparative analysis of the Islamic movements in Algeria Tunisia and Morocco exploring the roots of their development the nature of their dynamics and the tenets of their ideology He argues that the formation and expansion of Islamic movements since the late 1960s has come in response to the marginalization of Islam in state and society and to a perceived failure of imported models of development to resolve socioeconomic problems or to incorporate the Muslim belief system into a workable plan for social transformation

Ideological Roots of the Conflict between Pro-Kurdish and Pro-Islamic Parties in Turkey Rahman Dag,2017-06-23 The current agenda of international politics is full of headline grabbing conflicts This book focuses on one such conflict namely the Kurdish question in Turkey with recent peace negotiations between Turkey and the PKK having apparently failed The pro Islamic ruling party of Turkey the AK Party and the ideologically leftist pro Kurdish parties are the key determinants of this conflict Their historical development since the inception of modern Turkey is discussed here to demonstrate the similarities and differences between these oppositional social and political groups In this sense the book claims that ideological rigidity is one of the core factors shaping the relationship between these parties As such the book provides a detailed investigation of the ideological perspectives of the key actors in the conflict in order to gain a better understanding of why the last initiative ended negatively

Muqtedar Khan,2006-05-11 There is a growing consensus among experts and the educated public alike that democratization will reduce the many problems of the Muslim world The question that remains is how Islam should be incorporated into the public sphere Islamic Democratic Discourse is in itself a dialogue that explores the multi faceted relationship between Islam and democracy Each chapter by a preeminent scholar of the Muslim tradition and its contemporary challenges provides insight into Islamic political thought and its connection to Western democracy Tamara Sonn and Tarek Ramdan consider the elements of government in classical Islam Osman Bakar and Ali Paya provide regional studies of the search for compatibility between Islam and democracy And finally editor Muqtedar Khan and Marc Lynch are among those who offer a global perspective on the discourse on Islam and democracy Unlike many recent efforts which seek to either underscore or dispute the compatibility of Islam and democracy this eclectic collection begins a comprehensive conversation on Islam s role in the public sphere and charts a course toward an authentic Islamic theory of democracy Islamic Democratic Discourse is a crucial addition to the libraries of scholars interested in the future of Islam in the modern world

Religion and Violence Dominic Arcamone,2015-08-17 The aim of Religion and Violence is to engage dialectically key symbols of religiously motivated violence through the insights of Bernard Lonergan Sociologists and psychologists argue the link between religion and violence Religion is viewed more as part of the problem and not part of the solution to violence Bernard Lonergan s insights have helped the author arrive at a number of conclusions regarding the link between religion and violence He argues that there is a difference between distorted religion and genuine religion between authenticity and inauthenticity of the

subject Distorted religion has the capacity to shape traditions in ways that justify violence while genuine religion heals persons helps them make different moral decisions when confronted with situations of conflict and aims to explore new ways of understanding themselves as shaping history toward progress Further Religion and Violence while arguing from within the Catholic Christian tradition nevertheless seeks to provide a number of categories that will speak to people from other cultural traditions Since many of the examples of religious violence cited by commentators come out of the Islamic tradition the author has evidenced and explored more authentic aspects of the Islamic tradition that would help provide a solution to violence

Scott Appleby, David Little, 2015-03-02 This volume provides a comprehensive and interdisciplinary account of the scholarship on religion conflict and peacebuilding Looking far beyond the traditional parameters of the field the contributors engage deeply with the legacies of colonialism missionary activism secularism orientalism and liberalism as they relate to the discussion of religion violence and nonviolent transformation and resistance Featuring numerous case studies from various contexts and traditions the volume is organized thematically into five different parts It begins with an up to date mapping of scholarship on religion and violence and religion and peace The second part explores the challenges related to developing secularist theories on peace and nationalism broadening the discussion of violence to include an analysis of cultural and structural forms In the third section the chapters explore controversial topics such as religion and development religious militancy and the freedom of religion as a keystone of peacebuilding The fourth part locates notions of peacebuilding in spiritual practice by focusing on constructive resources within various traditions the transformative role of rituals youth and interfaith activism in American university campuses religion and solidarity activism scriptural reasoning as a peacebuilding practice and an extended reflection on the history and legacy of missionary peacebuilding The volume concludes by looking to the future of peacebuilding scholarship and the possibilities for new growth and progress Bringing together a diverse array of scholars this innovative handbook grapples

with the tension between theory and practice cultural theory and the legacy of the liberal peace paradigm offering provocative elastic and context specific insights for strategic peacebuilding processes Muslims: The contemporary period Andrew Rippin,1993 *The Ambivalence of the Sacred* Scott R. Appleby,1999-11-23 Terrorists and peacemakers may grow up in the same community and adhere to the same religious tradition The killing carried out by one and the reconciliation fostered by the other indicate the range of dramatic and contradictory responses to human suffering by religious actors Yet religion s ability to inspire violence is intimately related to its equally impressive power as a force for peace especially in the growing number of conflicts around the world that involve religious claims and religiously inspired combatants This book explains what religious terrorists and religious peacemakers share in common what causes them to take different paths in fighting injustice and how a deeper understanding of religious extremism can and must be integrated more effectively into our thinking about tribal regional and international conflict **The Vanguard of the Islamic Revolution** Seyyed Vali Reza Nasr,1994-09-23 In this groundbreaking study Seyyed Vali Reza Nasr examines the origins historical development and political strategies of one of the oldest and most influential Islamic revival movements the Jama at i Islami of Pakistan He focuses on the inherent tension between the movement s idealized vision of the nation as a holy community based in Islamic law and its political agenda of socioeconomic change for Pakistani society Nasr s work goes beyond the exploration of a single party to examine the diverse sociopolitical roots of contemporary Islamic revivalism challenging many of the standard interpretations about political expressions of Islam Publisher description Overcoming Tradition And Modernity Robert D. Lee,2018-02-12 Authenticity has begun to rival development as a key to understanding the political aspirations of the Islamic world Almost everywhere modernity has laid waste to tradition those habits and practices deemed to be timeless and true Imperialism carried European notions of progress into Muslim dominated parts of the globe and subsequently Muslims themselves espoused Western practices techniques and philosophies Regimes calling themselves liberal socialist and Arab nationalist all embraced modernity as their principal objective Most of these regimes failed to create the promised better lives their citizens desired Moreover ordinary Muslims felt despair as modernity ripped apart families exposed youngsters to the materialism and hedonism of Western entertainments heightened social expectations and undermined religious belief Even though tradition has proved itself incapable of staving off modernity the promises and premises of modern development literature have been called into question Where is the truth around which Muslims can rally Does modernity require a rejection of tradition Does the embrace of Islamic ideas necessitate turning away from modernity Robert D Lee explores these compelling questions by presenting four contemporary Muslim writers Muhammad Iqbal Sayyid Qutb Ali Shari ati and Mohammed Arkoun all of whom have refused to bow to such a dichotomy of modernity and tradition This study examines their efforts deeply influenced by European thinking to find a truth beyond tradition and modernity an authentic understanding of Islam upon which Muslims can build a future All four thinkers believe such an authentic understanding can

serve as the foundation for a new politics Lee argues however that each of these versions of authenticity suffers shortcomings and falters in its efforts to move from the particularity of culture onto a grander scale of political organization appropriate for the modern world *Mawdudi and the Making of Islamic Revivalism* Seyyed Vali Reza Nasr, 1996-01-04 Nasr examines the life and thought of Mawlana Mawdudi one of the first and most important Islamic ideological thinkers Mawdudi was the first to develop a modern political Islamic ideology and a plan for social action to realize his vision The prolific writings and indefatigable efforts of Mawdudi's party the Jamaat-i Islami first in India and later in Pakistan have disseminated his ideas far and wide His views have informed revivalism from Morocco to Malaysia Nasr discerns the events that led Mawdudi to a revivalist perspective and probes the structure of his thought in order to gain fresh insights into the origins of Islamic revivalism He argues that Islamic revivalism did not simply develop as a cultural rejection of the West rather it was closely tied to questions of communal politics and its impact on identity formation discourse of power in plural societies and nationalism Mawdudi's discourse though aimed at the West was motivated by Muslim-Hindu competition for power in British India His aim according to Nasr was to put forth a view of Islam whose invigorated pristine and uncompromising outlook would galvanize Muslims into an ideologically uniform and hence politically indivisible community In time this view developed a life of its own and evolved into an all-encompassing perspective on society and politics and has been a notable force in South Asia and Muslim life and thought across the Muslim world **The Muslim Brotherhood**,

Encyclopedia of Islamic Civilisation and Religion Ian Richard Netton, 2013-12-19 The Encyclopedia of Islamic Civilization and Religion provides scholarly coverage of the religion culture and history of the Islamic world at a time when that world is undergoing considerable change and is a focus of international study and debate The non-Muslim world's perceptions of Islam have often tended to be dominated by unrepresentative radical extremist movements and media interpretations of events involving such movements to the extent that many people are unaware of the depth and variety of Islamic thought At the same time many who have had a formal training in Islamic studies have tended to concentrate on the traditional to the exclusion of the contemporary The Encyclopedia of Islamic Civilization and Religion covers the full range of Islamic thought in historical depth but it also provides substantial coverage of contemporary trends across the Muslim world With well over a thousand entries on Islamic theology history arts science law and institutions and coverage of Islam in individual countries and cities around the world the Encyclopedia of Islamic Civilization and Religion provides an extremely rich resource for students and researchers in religious studies and Middle Eastern studies Entries are cross-referenced and bibliographies are provided There is a full index Routledge published *The Quran: An Encyclopedia* in 2005 an excellent companion to the Encyclopedia of Islamic Civilization and Religion
