Simpson and the Making of Modern Evangelicalism Daryn Henry,2019-12-26 A shrewd synthesizer gifted popularizer and inspiring founder of the Christian and Missionary Alliance movement A B Simpson 1843 1919 was enmeshed in the most crucial threads of evangelical Christianity at the turn of the twentieth century Daryn Henry presents Simpson s life and ministry as a vivid fascinating and paradigmatic study in evangelical religious culture during a time when the conservative wing of the movement has often been overlooked Simpson s ministry Henry explains fused the classic evangelical emphasis on revivalist conversion with the intensification of that sensibility in the quest for the deeper Christian life of holiness Recovering the practice of divine healing Simpson emphasized a dynamically empowered and supernaturally animated Christianity that

would spill over into nascent Pentecostalism His encouragement of cross cultural missions was part of a trend that unleashed the dramatic rise of world Christianity across the Global South All the while his Biblical literalism antagonism to modernist theology campaigns against evolution and views on premillennialism Biblical prophecy and the role of Israel in the end times made Simpson a precursor of the fundamentalist melees of subsequent decades From his upbringing in rural Canada and confessional Scottish Presbyterianism Simpson journeyed into the heart of American evangelicalism revolving around his base in New York City Against most previous writing on Simpson Henry s biography presents both continuities and discontinuities in the development of modern interdenominational evangelicalism out of the denominational evangelicalism of the nineteenth century

born from a simple unshakable question Why do some people rise while others stay stuck even when they desperately want to change I've spent years watching people search for motivation in quotes videos success stories or the next self help trend hoping for a spark to reignite their passion or purpose Some found it but most saw the flame flicker out just as quickly as it lit And I came to realize motivation isn't a lightning bolt It's not luck It's not something you wait for Motivation is a code a deeply personal practical force built from biology psychology discipline and daily decisions The Motivation Awakening Unleash Your Inner Strength is not a typical motivational book filled with sugar coated advice or fleeting inspiration It is a blueprint for transformation Inside these pages you'll find real stories psychological insights daily strategies and raw truths about what it takes to break bad habits heal inner wounds push through resistance and chase something greater than comfort This book is structured in five parts each one unlocking a layer of the human drive From the raw biological instincts that nudge us forward to the mental wars we fight alone to the tools we use to chase love money mastery and ultimately meaning every chapter is designed to speak to your inner struggle and your inner strength This is not a book to read once and forget It is one to return to when you're doubting yourself One to revisit when your dreams feel distant One to lean on when you're ready to stop waiting for change and start building it You don't need more inspiration You need a system A spark A truth you can stand on when the world goes silent This is that truth This is your code

Class Acts

Mary Rizzo, 2015-08-01 Class Acts explores the development of lifestyle marketing from the 1960s to the 1990s During this time young men began manipulating their identities by taking on the mannerisms culture and fashion of the working class and poor These style choices had contradictory meanings At once they were acts of rebellion by middleclass young men against their social stratum and its rules of masculinity and also examples of the privilege that allowed them to try on different identities for amusement or as a rite of passage Starting in the 1960s advertisers and marketers looking for new ways to appeal to young people seized on the idea of identity as a choice creating the field of lifestyle marketing Mary Rizzo traces the development of the concept of lifestyle marketing showing how marketers disconnected class identity from material reality focusing instead on a person's attitudes opinions and behaviors The book includes discussions of the rebel of the 1950s the hippie of the 1960s the white suburban hip hop fan of the 1980s and the poverty chic of the 1990s Class Acts illuminates how the concept of lifestyle particularly as expressed through fashion has disconnected social class from its material reality and diffused social critique into the opportunity to simply buy another identity The book will appeal to scholars and other readers who are interested in American cultural history youth culture fashion and style
