NOTABLE BOOKS of the YEAR A VANITY FAIR and TOWN COUNTRY BEST BOOK of the YEAR New York Times bestselling author Lesley M M Blume reveals how one courageous American reporter uncovered one of the deadliest cover ups of the 20th century the true effects of the atom bomb potentially saving millions of lives Just days after the United States decimated Hiroshima and Nagasaki with nuclear bombs the Japanese surrendered unconditionally But even before the surrender the US government and military had begun a secret propaganda and information suppression campaign to hide the devastating effects of these then experimental weapons For nearly a year the cover up worked until New Yorker journalist John Hersey got into Hiroshima and managed to report the truth to the world When the magazine published Hiroshima in August 1946 it became an instant global sensation and inspired pervasive horror about the hellish new threat that America had unleashed Since 1945 no nuclear weapons have ever been deployed in war partly because Hersey alerted the world to their true devastating impact This knowledge has remained among the greatest deterrents to using them since the end of World War II Released on the anniversary of the Hiroshima bombing *Fallout* is an engrossing detective story as well as an important piece of hidden history that shows how one heroic scoop saved and can still save the world
