Raeder Roman:

Roman Portraits in Context Jane Fejfer, 2009-03-13 The highest honour a Roman citizen could hope for was a portrait statue in the forum of his city While the emperor and high senatorial officials were routinely awarded statues strong competition existed among local benefactors to obtain this honour which proclaimed and perpetuated the memory of the patron and his family for generations There were many ways to earn a portrait statue but such local figures often had to wait until they had passed away before the public finally fulfilled their expectations It is argued in this book that our understanding and contemplation of a Roman portrait statue is greatly enriched when we consider its wider historical context its original setting the circumstances of its production and style and its base which in many cases bore a text that contributed to the rhetorical power of the image **Roman Landscape: Culture and Identity** Diana Spencer, 2010 This survey explores how and why Romans of the late Republic and early Principate were fascinated with landscaped nature Thematic discussions and case studies work through what landscape represented and how studying Roman identity in terms of place environment and the natural world helps us better to understand Rome itself **Greek Athletics in the Roman World** Zahra Newby, 2005-10-06 Exploring a key area of Greek culture as it developed under Rome and the Second Sophistic this work investigates questions of how identity is constructed through a cultural appropriation of the past ***Sculptures from Roman Syria II*** Mustafa Koçak, Detlev Kreikenbom, 2022-12-05 For the first time this publication comprehensively documents and analyzes the Greek and Roman statuary discovered to date in the greater area of Syria The text portion describes nearly all monuments in detail and classifies them in the context of the history of ancient sculpture The associated volume of plates documents every item in detail typically with four photographic views **The Triumph and Trade of Egyptian Objects in Rome** Stephanie Pearson, 2021-04-06 From gleaming hardstone statues to bright frescoes the unexpected and often spectacular Egyptian objects discovered in Roman Italy have long presented an interpretive challenge How they shaped and were shaped by religion politics and identity formation has now been well researched But one crucial function of these objects remains to be explored their role as precious goods in a collector's economy The Romans imported and recreated Egyptian goods in the most opulent materials available gold gems expensive wood ivory luxurious textiles and displayed them like true treasures This is due in part to the way Romans encountered these items as argued in this book first as dazzling spolia from the war against Cleopatra then as costly wares exchanged over the expanding Roman trade routes In this respect Romans treated Egyptian art surprisingly similarly to Greek art By examining the concrete mechanisms through which Egyptian objects were acquired and displayed in Rome this book offers a new understanding of this impressive material at the crossroads of Hellenistic Roman and Egyptian culture **Report of the Superintendent of Public Instruction of the State of Michigan for the Biennium ...** Michigan. Department of Public Instruction, 1892 **Documents Accompanying the Journal of the House** Michigan. Legislature, 1863 **A Bibliography of Middle Scots Poets** William Geddie, 1912

Scot. Text S. ,1912 Writings of Early Scholars in the Ancient Near East, Egypt, Rome, and Greece Annette Imhausen,Tanja Pommerening,2010-11-19 Medicine astronomy dealing with numbers even the cultures of the pre modern world offer a rich spectrum of scientific texts But how are they best translated Is it sufficient to translate the sources into modern scientific language and thereby above all to identify their deficits Or would it be better to adopt the perspective of the sources themselves strange as they are only for them not to be properly understood by modern readers Renowned representatives of various disciplines and traditions present a controversial and constructive discussion of these problems

The Cornell Law Quarterly ,1926 The Cornell Law Quarterly s contents are topical and intended to be of special relevance to those practicing law in New York State Pedagogic Encounters Aristi Trendel,2021-02-15 This book offers a new approach to the genre of the campus novel Through a critical analysis of eleven novels Aristi Trendel argues that the specificity and complexity of the pedagogic rapport between professor and student calls for a new genre the Master Disciple novel After the 1980s the professor student relationship was highly scrutinized and politicized making the Master Disciple novel essential to critical theorists and educators Furthermore the Master Disciple novel broadens the scope of the campus novel as the master pupil rapport can develop beyond the halls of academia Though some of the novels analyzed in this book have been thoroughly discussed before Trendel reads them through the lens of the pedagogic rapport and in constant dialogue with a broad range of themes such as gender sexuality and power The book will be important for academics students and all who are interested in the bond between teacher and student The Fortunes of German Writers in America

All Is Forgotten, Nothing Is Lost Lan Samantha Chang,2025-04-25 A smart thoughtful and often poignant meditation Boston Globe At the renowned writing school in Bonnevillle every student is simultaneously terrified of and attracted to the charismatic and mysterious poet and professor Miranda Sturgis whose high standards for art are both intimidating and inspiring As two students Roman and Bernard strive to win her admiration the lines between mentorship friendship and love are blurred Roman s star rises early and his first book wins a prestigious prize Meanwhile Bernard labors for years over a single poem Secrets of the past begin to surface friendships are broken and Miranda continues to cast a shadow over their lives What is the hidden burden of early promise What are the personal costs of a life devoted to the pursuit of art All Is Forgotten Nothing Is Lost is a brilliant evocation of the demands of ambition and vocation personal loyalty and poetic truth

Ink Against the Devil Harry Loewen,2015-06-12 Sixteenth century Reformation Europe was a tumultuous time during which many defining ideas of the modern era were formulated The technological advancement augured by the Gutenberg press allowed the unprecedented circulation of ideas among a growing legion of literate Europeans The writings of radical reformer Martin Luther were perhaps most influential of all His opposition to the universal

Roman Catholic Church fundamentally challenged the elites and their institutions Along the way Luther was opposed by the Church the political powers of the day and competing religious ideologies Ink Against the Devil distills the major impulses from these debates that continue to resonate to this day This book will appeal to both lay and professional scholars of the Reformation and its major players with prose that is accessible and free of jargon Loewen directly addresses the debates between Luther and his many foes including Humanists like Erasmus and the sectarian opponents found among contemporary Jews Muslims and Christians Of particular interest will be a focus on anti semitism throughout Luther s published writings and sermons There may be no other examples of this book s scope in such a natural narrative presentation

Oxford University Gazette University of Oxford,1886 Shaping Roman Landscape Mantha Zarmakoupi,2023-08-08 A groundbreaking ecocritical study that examines how ideas about the natural and built environment informed architectural and decorative trends of the Roman Late Republican and Early Imperial periods Landscape emerged as a significant theme in the Roman Late Republican and Early Imperial periods Writers described landscape in texts and treatises its qualities were praised and sought out in everyday life and contemporary perceptions of the natural and built environment as well as ideas about nature and art were intertwined with architectural and decorative trends This illustrated volume examines how representations of real and depicted landscapes and the merging of both in visual space contributed to the creation of novel languages of art and architecture Drawing on a diverse body of archaeological art historical and literary evidence this study applies an ecocritical lens that moves beyond the limits of traditional iconography Chapters consider for example how garden designs and paintings appropriated the cultures and ecosystems brought under Roman control and the ways miniature landscape paintings chronicled the transformation of the Italian shoreline with colonnaded villas pointing to the changing relationship of humans with nature Making a timely and original contribution to current discourses on ecology and art and architectural history Shaping Roman Landscape reveals how Roman ideas of landscape and the decorative strategies at imperial domus and villa complexes that gave these ideas shape were richly embedded with meanings of nature culture and labor Roman Error Basil Dufallo,2018 In the eyes of posterity ancient Rome is deeply flawed The list of censures is long and varied from political corruption and the practice of slavery to religious intolerance and sexual immorality yet for centuries the Romans errors have not only provoked opprobrium but also inspired wayward and novel forms of thought and representation themselves errant in the broad sense of the Latin verb This volume is the first to examine this phenomenon in depth treating examples from history philosophy literature psychoanalysis and art history from antiquity to the present to examine how the Romans faults have become the basis for creative experimentation for rejections of prevailing ideology even for comedy and delight In demonstrating that the reception of Rome s missteps and mistakes has been far more complex than simply denouncing them as an exemplum malum to be shunned and avoided it argues compellingly that these alternative receptions are historically important and enduringly relevant in their own right Roman error comes to signify both ancient

misstep and something that we may commit when engaging with Roman antiquity whereby reception may even be conceived as error of a kind while the volume ably addresses popular fascination with a wide range of Roman vices including violence imperial domination and decadence it also asks us to consider what makes certain receptions matter how they matter and why
