Nigel Ely, 2022-02-17 As featured in the landmark BBC2 documentary Our Falklands War A Frontline Story Published to mark the fortieth anniversary of the Falklands war There was a time when we did extraordinary things On 28 May 1982 450 men of the 2nd Battalion the Parachute Regiment 2 Para went into action to retake the settlement of Goose Green on East Falkland where more than 1 000 Argentine soldiers were holding 119 Falkland Islanders men women children and one baby in squalid conditions Forty years on Goose Green is still the biggest and bloodiest battle the British Army has fought in modern times This book is the living narrative of the battle told by the very men who fought it not just the soldiers of 2 Para but also the SAS the Royal Navy and Merchant Navy and others in more than a hundred exclusive and untold personal accounts Some are extremely funny some touching and some heart breaking All were recorded face to face the speakers own words adding a gritty authenticity to each account and conveying the confusion and terror of battle as well as the courage and selflessness of men in action Goose Green is a book that goes beyond the official histories and the many memoirs to bring to life the first and as it turned out the decisive battle of this country s outstanding campaign to retake the Falkland Islands from a foreign invader This is a true story of a great victory against all the odds told by the men who fought it **Managing the Defence**

Estate Great Britain: National Audit Office, 2005-05-25 This report looks at the management by the Defence Estates Agency of the land and property owned by the Ministry of Defence The estate is worth some 15.3 billion and costs 1.3 billion to run with the MoD as one of the largest landowners in the UK with land covering some 240 000 hectares The Estate itself consists of such facilities as barracks depots aircraft hangers and naval bases as well as training grounds and ranges Also the MoD has direct managerial responsibility for 200 sites of special scientific interest along with responsibility for over 1600 listed

buildings and monuments The NAO recognizes the operational challenges of managing such a large utility but commends the MoD for developing a strategy that saw contractual arrangements deliver higher quality and estate rationalization along with improved customer satisfaction There had been a deterioration in the estate due to shortfalls in spending and the use of traditional methods in the procuring and managing of estate services The selling off of surplus land has earned the MoD 1.2 billion and five new regional contracts have been signed to improve the estate Insufficient funding due to conflicting defence priorities may hamper long term efficiencies and that there is more to be done to consolidate recent cultural changes in the organization of contracts for running the estate especially the move towards large centrally managed contracts
