Vego,2016 A detailed study of three major naval operations of World War II These three initiated by imperial Japan took place in the Pacific and resulted in the battles of the Coral Sea Midway Aleutians and the Philippine Sea All the cases provide ample background on the geographic and strategic context of the operations as well as an account of the unfolding of the action utilizing much primary source material in especially American and Japanese archives Provided by publisher **Carlson's Raid** George W. Smith,2001 With Major Jimmy Roosevelt the president s son their second in command the 2nd Marine Raider Battalion s daring raid on Makin was sure to make headlines during World War II But in this informative history Smith shows that the raid had unfortunate consequences in the long run 32 photos Maps **Combined Fleet Decoded** John Prados,1995 The most authoritative and revealing examination yet of the way intelligence of all kinds was instrumental in defeating Japan Prados gives a new picture of the war in the Pacific one which will challenge many previous conceptions about that conflict and one which will be irresistible to those readers who find histories of that period fascinating 16 pages of photos
