Raiders Overhead A Diary Of The London Blitz:

Raiders Overhead Barbara Marion Nixon, 1980 **Blitz Diary** Carol Harris, Mike Brown, 2011-11-30 During the 1930s war with Germany became increasingly likely The British Government believed that it would start with massed ranks of enemy planes dropping bombs and poison gas on civilians in major towns and cities terrifying them into surrendering When war broke out preparations to protect the population were piecemeal and inadequate As anticipated people were shocked by the first raids and the response of rescue services was chaotic But far from breaking morale the Blitz galvanised public opinion in support of the war Soon people became hardened by their experiences and attacks from the air became a normal albeit terrible part of daily life Blitz Diary tells the story in a remarkable series of eyewitness accounts from the war's earliest and darkest days through to the end when the V 2 rockets brought devastation without warning Preservation of such first hand accounts has become increasingly important as the Blitz fades from living memory This expanded edition includes new chapters and new accounts from key eyewitnesses *The Human Tradition in Modern Britain* Caroline Litzenberger, Eileen Groth Lyon, 2006-08-17 This engaging book provides a gateway to larger themes in modern British history through a set of fascinating portraits of individuals that explore important events and movements from the perspective of the people involved Political developments are illuminated through chapters on John Locke Charles Townshend popular radicalism and Margaret Thatcher Religion and education are considered through essays on evangelicalism the Oxford Movement Charles Bradlaugh and Sir James Kay Shuttleworth Industrial and imperial questions are explored through pieces on the Great Exhibition the Indian Rebellion of 1857 and post colonial Nigeria National identity and wartime experience come to life in the lives of G K Chesterton and of Barbara Nixon an Airraid Warden during the Blitz Many of the chapters examine the experiences of women including single women in early modern England suffragettes and Irish nationalist Mary Butler As a rich and humanized approach to history this book offers readers a deeper understanding of key facets of British life in the early modern and modern periods *British Civilians in the Front Line* Helen Jones, 2006-04-30 This is the first full length study of the behavior of British civilians and their reactions to air raids during the Second World War It unravels the day to day influence on people at these times of great danger risk and uncertainty and challenges the traditional image of civilians as passive shelterers under attack It uncovers Churchill and his government's desperate attempts to persuade key workers to continue with their work once the air raid siren had sounded and reveals the complex reasons why so many workers were willing to run such risks *The Bombing War* Richard Overy, 2013-09-26 The ultimate history of the Blitz and bombing in the Second World War from Wolfson Prize winning historian and author Richard Overy The use of massive fleets of bombers to kill and terrorize civilians was an aspect of the Second World War which continues to challenge the idea that Allies specifically fought a moral war For Britain bombing became perhaps its principal contribution to the fighting as night after night exceptionally brave men flew over occupied Europe destroying its cities The Bombing War radically overhauls our

understanding of the War It is the first book to examine seriously not just the most well known parts of the campaign but the significance of bombing on many other fronts the German use of bombers on the Eastern Front for example as well as much newly discovered material on the more familiar Blitz on Britain or the Allied campaigns against Italian cities The result is the author's masterpiece a rich gripping picture of the Second World War and the terrible military technological and ethical issues that relentlessly drove all its participants into an abyss Reviews Magnificent must now be regarded as the standard work on the bombing war It is probably the most important book published on the history of the second world war this century Richard J Evans Guardian Monumental this is a major contribution to one of the most controversial aspects of the Second World War full of new detail and perspectives hugely impressive James Holland Literary Review This tremendous book does what the war it describes signally failed to do With a well thought out strategy and precision it delivers maximum force on its objectives The result is a masterpiece of the historian's art The Times It is unlikely that a work of this scale scope and merit will be surpassed Times Higher Education What distinguishes Mr Overy's account of the bombing war from lesser efforts is the wealth of narrative detail and analytical rigour that he brings to bear Economist Excellent Overy is never less than an erudite and clear-eyed guide whose research is impeccable and whose conclusions appear sensible and convincing even when they run against the established trends Financial Times Hard to surpass If you want to know how bombing worked what it did and what it meant this is the book to read Times Literary Supplement About the author Richard Overy is the author of a series of remarkable books on the Second World War and the wider disasters of the twentieth century The Dictators Hitler's Germany Stalin's Russia won both the Wolfson Prize for History and the Hessell Tiltman Prize He is Professor of History at the University of Exeter Penguin publishes 1939 Countdown to War The Morbid Age Russia's War Interrogations The Battle of Britain and The Dictators He lives in London Faces of the Home Front, 1939-1945 Neil R. Storey, Fiona Kay, 2022-01-31 Faces of the Home Front presents a fascinating insight into the people wartime organisations events life and work on the British Home Front during the Second World War This is the story of ordinary people in extraordinary times told through an array of previously unpublished rare photographs illustrations and ephemera If you have wondered how Air Raid Wardens Ambulance crews Home Guard Firemen Special Constables Women's Voluntary Service and the Women's Land Army were recruited and trained how they were uniformed and what their duties entailed in wartime were this is the book for you Drawing on the author's own extensive archives of original photographs training manuals documents decades of research and interviews with those who were there there are stories of well known events such as the Blitz on London and many other often lesser known events and incidents around the country some deeply moving some harrowing and some that show how the kindness and selfless bravery of people that helped get Britain through its darkest hours The combination of images and stories vividly bring to life the experiences of people in cities towns and countryside in wartime as they experienced evacuation rationing the black out and air raids touched the lives of everyone This volume is a valuable
