Redeemer In The Womb Jesus Living In Mary:

Redeemer in the Womb John Saward, 1993 Engaging the Doctrine of Jesus (and Mary) Matthew Levering, 2025-03-10

The six chapters of this book focus upon Jesus conception and birth from a virgin his authoritative teaching his miracles his cross his resurrection and his ascension The purpose of the book is to articulate and defend the truth of these salvific mysteries as presented to us in Scripture In addition to conversing extensively with historical critical biblical scholarship the chapters make recourse to the theological tradition from the church fathers onward with Thomas Aquinas as a touchstone Levering seeks to make a case for believing in Jesus At the same time he shows how each of these mysteries is intimately linked with a truth about Mary the Mother of Jesus thus arguing for the integral relationship of Christology and Mariology Mary enacts the reception of the Lord by God's faithful people the New Adam never chooses to be without the New Eve in God's new covenant family The Christology offered in this book is therefore both attuned to historical studies of Jesus and Second Temple Judaism and at the same time deeply traditional in a contemporary Catholic and ecumenical way Mary's Bodily Assumption Matthew Levering, 2014-11-24 In Mary's Bodily Assumption Matthew Levering presents a contemporary explanation and defense of the Catholic doctrine of Mary's bodily Assumption He asks How does the Church justify a doctrine that does not have explicit biblical or first century historical evidence to support it With the goal of exploring this question more deeply he divides his discussion into two sections one historical and the other systematic Levering's historical section aims to retrieve the rich Mariological doctrine of the mid twentieth century He introduces the development of Mariology in Catholic Magisterial documents focusing on Pope Pius XII's encyclical *Munificentissimus Deus* of 1950 in which the bodily Assumption of Mary was dogmatically defined and two later Magisterial documents Vatican II's *Lumen Gentium* and Pope John Paul II's *Redemptoris Mater* Levering addresses the work of the neo scholastic theologians Joseph Duhr Alo's Janssens and R ginald Garrigou Lagrange before turning to the great theologians of the nouvelle th ologie Karl Rahner Hans Urs von Balthasar Louis Bouyer Joseph Ratzinger and their emphasis on biblical typology Using John Henry Newman as a guide Levering organizes his systematic section by the three pillars of the doctrine on which Mary's Assumption rests biblical typology the Church as authoritative interpreter of divine revelation under the guidance of the Holy Spirit and the fittingness of Mary's Assumption in relation to the other mysteries of faith Levering's ecumenical contribution is a significant engagement with Protestant biblical scholars and theologians it is also a reclamation of Mariology as a central topic in Catholic theology **The Quest for the Christ Child in the Later Middle Ages** Mary Dzon, 2017-01-25 Beginning in the twelfth century clergy and laity alike started wondering with intensity about the historical and developmental details of Jesus early life Was the Christ Child like other children whose characteristics and capabilities depended on their age Was he sweet and tender or formidable and powerful Not finding sufficient information in the Gospels which are almost completely silent about Jesus childhood medieval Christians turned to centuries old apocryphal texts for answers In *The Quest for the Christ*

Child in the Later Middle Ages Mary Dzon demonstrates how these apocryphal legends fostered a vibrant and creative medieval piety Popular tales about the Christ Child entertained the laity and at the same time were reviled by some members of the intellectual elite of the church In either case such legends so persistent left their mark on theological devotional and literary texts The Cistercian abbot Aelred of Rievaulx urged his monastic readers to imitate the Christ Child's development through spiritual growth Francis of Assisi encouraged his followers to emulate the Christ Child's poverty and rusticity Thomas Aquinas for his part believed that apocryphal stories about the Christ Child would encourage youths to be presumptuous while Birgitta of Sweden provided pious alternatives in her many Marian revelations Through close readings of such writings Dzon explores the continued transmission and appeal of apocryphal legends throughout the Middle Ages and demonstrates the significant impact that the Christ Child had in shaping the medieval religious imagination

What's Really Going on with Pro-Roe V. Wade Catholic Politicians Philip A. Rafferty, 2011-05-03 No committed Christian would support the proposition that a human being may be killed because he has yet to receive his future state of being eternal life Yet the pro Roe Catholic politician supports the position that a human fetus may be killed because it cannot be certainly demonstrated that this fetus has received that state of being which makes him a human being Suppose the fetus is not yet a human being and is aborted Is the pro Roe Catholic politician prepared to demonstrate that this fetus does not hereby lose his opportunity to receive eternal life Is not this politician supporting the denial to another what he would not think of denying to himself eternal life in Jesus Christ Since Roe fifty million human fetuses have been launched into eternity by pointy medical instruments Roe and its progeny say that all of this killing is constitutionally permissible because in keeping with the English common law the human fetus does not qualify as a due process clause person What if the Roe justices got this wrong for lack of a working knowledge of the status of the human fetus and abortion at the English common law Philip Rafferty through a working knowledge of abortion prosecution at the English common law demonstrates that the Roe justices certainly got this wrong So forget everything you think you know about the abortion controversy It's time to know What's Really Going On The overruling of Roe v Wade is considered a dead issue Rafferty has risen up this dead issue on Roe's own burial grounds And he has done so with unparalleled pointed legal scholarship Ken R Hughey American fighter pilot and Hanoi Hilton Prisoner of War

Women and the Gender of God Amy Peeler, 2022-10-04 A robust theological argument against the assumption that God is male God values women While many Christians would readily affirm this truth the widely held assumption that the Bible depicts a male God persists as it has for centuries This misperception of Christianity not only perniciously implies that men deserve an elevated place over women but also compromises the glory of God by making God appear to be part of creation subject to it and its categories rather than in transcendence of it Through a deep reading of the incarnation narratives of the New Testament and other relevant scriptural texts Amy Peeler shows how the Bible depicts a God beyond gender and a savior who while embodied as a man is the unification in one person of the image of God that resides in both

male and female Peeler begins with a study of Mary and her response to the annunciation through which it becomes clear that God empowers women and honors their agency Then Peeler describes from a theological standpoint how the virgin birth of Jesus the second Adam reverses the gendered division enacted in the garden of Eden While acknowledging the significance of the Bible s frequent use of Father language to represent God as a caring parent Peeler goes beneath the surface of this metaphor to show how God is never sexualized by biblical writers or described as being physically involved in procreation making the concept of a masculine God dubious at best From these doctrinal centers of Christianity Peeler leads the way in reasserting the value of women in the church and prophetically speaking out against the destructive idolatry of masculinity The Michael Ramsey Prize Longlist 2023

Blessed Mary and the Monks of England Matthew J. Mills, 2024 In the study of historical Mariology the monastic communities of England in the eleventh and twelfth centuries the period so dramatically interrupted and reshaped by the Norman conquest of 1066 receive too little attention This monastic age was a time of great flourishing for both religious life and Mariology marked by new currents of prayer and thought In this volume Matthew Mills uncovers and draws together vibrant contributions to Marian doctrine and devotion by some of those then living in England under the sixth century Rule of St Benedict the Benedictines and their successors the Cistercians In a thematic unfolding of Mary s life and identity from conception to assumption and intercession a picture emerges of a Mariology shaped by the constant of monastic liturgy anchored in the biblical and patristic wisdom cherished and transmitted by the Venerable Bede and animated by love Towering figures such as Anselm of Canterbury and Ired of Rievaulx are also placed within a wider landscape alongside lesser known but still significant others including the Cistercian abbot John of Forde royal confessor and pioneer of Marian exegesis of the Song of Songs England s monastic Mariology was colored by Greek as well as Latin influences and touched by key experiences of the contemporary church at large apocalyptic disappointment reform sacramentalism and intense yearning for salvation In particular Mills brings to light the significance of Mary for monks understanding of their own profession their mother and their lady Mary was also their icon and exemplar of life in St Benedict s school for the Lord s service Rule Prol 45

Abortion and the Christian Tradition Margaret D.

Kamitsuka, 2019-10-29 Abortion remains the most contested political issue in American life Poll results have remained surprisingly constant over the years with roughly equal numbers supporting and opposing it A common perception is that abortion is contrary to Christian teaching and values While some have challenged that perception few have attempted a comprehensive critique and constructive counterargument on Christian ethical and theological grounds Margaret Kamitsuka begins with a careful examination of the churchs biblical and historical record refuting the assumption that Christianity has always condemned abortion or that it considered personhood as beginning at the moment of conception She then offers carefully crafted ethical arguments about the pregnant womans authority to make reproductive decisions and builds a theological rationale for seeing abortion as something other than a sin
