William F. Buckley Jr. Lee Edwards, 2023-11-07 The modern day Renaissance man who built the conservative movement The polysyllabic vocabulary the wit the charm the sailing adventures the spy novels all of these have become part of the William F Buckley Jr legend But to consider only Buckley s charisma and ceaseless energy is to miss that above all he was committed to advancing ideas Now noted conservative historian Lee Edwards who knew Bill Buckley for more than 40 years delivers a much needed intellectual biography of the man who has been called the most important public intellectual in the United States in the past half century In this concise and compelling book Edwards reveals how Buckley did more to build the conservative movement than did any other person Once derided as a set of irritable mental gestures conservatism became under Buckley s guidance a political and intellectual force that transformed America As conservatives debate the ideas that should drive their movement William F Buckley Jr The Maker of a Movement reminds us of the principles that animated Buckley as well as the thinkers who inspired him Having dug deep into the voluminous Buckley papers Edwards also illuminates the profound influence of Buckley s close knit family and his unwavering Catholic faith Edwards brilliantly captures the free spirit and unbounded energy of the conservative polymath but he also shows that Buckley did not succeed merely on the strength of a winning personality Rather Buckley s achievements were the result of a long series of quite deliberate political acts many of them overlooked today William F Buckley Jr The Maker of a Movement tells the incredible story of a man who could have been a playboy sailing his yacht and skiing in Switzerland but who chose to be the St Paul of the conservative movement carrying the message far and wide Lee Edwards shows how and why it happened and the remarkable results
