Redrawing The Global Economy:

Redrawing the Global Economy A. Landau, 2001-05-04 Alice Landau investigates the confluence magnitude and dynamics of globalization and regionalization and highlights the integrative and disintegrative effects of both processes She digs deep in to the processes and traces the inequalities embedded in their dynamics The analysis is complemented by a detailed empirical investigation into the geographical distribution of trade investments capital and transnational corporations which are cumulatively concentrated in a few highly developed and developing countries thus limiting the development prospects for the majority of developing countries

The International Trading System Alice Landau, 2005-02-03 The World Trade Organization WTO is without doubt one of our main instruments of globalization the controversy which is whipped up by this organization is arguably mainly caused by the mystery which surrounds it The International Trade System seeks to remove the clouds of misunderstanding that circle the multilateral commercial system by clearly

Redrawing Local Government Boundaries John Meligrana, 2004 Local governments today are under extreme pressure to undertake boundary reform The global trend toward urbanization has brought with it economic environmental social and regional demands that have severe implications for local governments and their territories As a result changing the areal jurisdiction of this most basic level of government has become a persistent and pressing challenge around the globe This collection examines the legal and regulatory procedures involved in such municipal restructuring Case studies from eight nations the United States Canada Spain Germany Israel Korea China and South Africa investigate how and why local governments have been enlarged in scope and reduced in number within each country Four key aspects are examined the geography of the local government boundary problem the procedures associated with boundary reform the roles of institutions and actors in boundary reform and the implications for urban and regional governance

Redrawing Local Government Boundaries offers a broad theoretical understanding of local government boundary reform and informs the wider scholarly discussion about institutional change state structures and the areal jurisdiction of local governments The first international comparative study of local boundary reform it will be a valuable reference for scholars and students of political science public administration geography urban studies and urban planning
