reedsnauticalalmanac.co.uk **Maritime Fraud and Piracy** Paul Todd, 2013-07-04 The main focus of this book is the impact of maritime fraud on contracts for sale and carriage documentary credits and marine insurance. It covers all varieties of maritime fraud from the most serious downwards, describing the methods employed and the risks to traders and carriers. At the serious end of the spectrum, pirates capture an entire ship, often murdering the entire crew in order to sell the cargo to which, of course, they have no title. Later, they use the innocent ship to pose as innocent traders. Less serious but perhaps of greater interest to lawyers are misdescriptions of cargo in or backdating of bills of lading and other deceptions usually practised on purchasers and banks.
