Starting with Whitehead Lynn Sargent De Jonghe,2022-07-26 Parents and teachers want to give children the best opportunities for success in life But opinions may vary vehemently about the methods for accomplishing these aims Starting with Whitehead begins with the premise that today s children will need skills and values to live in a world of fast paced turbulent change creativity problem solving ability attitudes of life long learning emotional resilience and appreciation of different perspectives As we seek guidance on these issues we are led to the work of Alfred North Whitehead who brilliantly perceived that the process of change itself is fundamental to our existence how we experience ourselves and others and how we interact with the world around us In his classic work *The Aims of Education* he elaborated a three stage process of learning involving romance precision and generalization His vision of education calls for exploring real experiences rather than packing scraps of information into passive students This book offers examples of learning events at each stage that illustrate how adults can help children thrive in a world of change based on the author s experience working with children as a parent teacher principal and policy maker Drawing on seminal psychological and educational research De Jonghe sets these events in the context of a vigorous theoretical foundation and proposes specific strategies for success Her recommendations have relevance for parents teachers principals and policy makers **Repentance: Refinement through the Mortal Journey** Alan Ruppe,2023-03-22 Repentance is one of the core tenets of the gospel but what does it truly mean Understanding the principle of repentance at a deeper level is often overshadowed by the simplistic reciting of the five step process of repentance 1 recognition 2 remorse 3 confession 4 restitution and 5 forgiveness But repenting is so much more

than a checklist step in the process to get on the righteous path When confronted by a Primary child's innocent question about repentance author G Alan Ruppe realized that something was missing from his lifelong simplistic view of what it means to repent The intense research and spiritual revelation that stemmed from that awakening culminate in this insightful discussion about the nature of sincere divine repentance and forgiveness In *Repentance Refining the Mortal Journey* discover The historical definitions of biblical repentance and how translations over time have skewed our perception of this sacred practice The difference between sins and mortal mistakes when and why repentance is necessary and how repentance relates to our God given agency How to receive divine forgiveness and become once again clean and pure through the Atonement of Christ Real repentance the kind desired for us by our Heavenly Parents is an emotionally and spiritually painful process but it is a course that will help develop our repentance from an abstract perception to a genuine way of life A deeper understanding of its purpose will reveal avenues to stronger faith richer experiences and more profound joy as we journey through this mortal life
