T. Swami, 2020-01-01 Lord Caitanya Mahaprabhu instructed His disciples to write books on the science of Krsna a task which those who follow Him have continued to carry out down to the present day The elaborations and expositions on the philosophy taught by Lord Caitanya are in fact most voluminous exacting and consistent due to the system of disciplic succession Although Lord Caitanya was widely renowned as a scholar in His youth He left only eight verses called Siksastaka These eight verses clearly reveal His mission and precepts *Reflection* Scarlett V Claybaugh, 2021-08-30 Jenna Rosa always lived a calm ordinary life content in her own little world as a local freelance artist On her twenty fifth birthday she discovers an old mirror Intrigued by the seemingly ancient looking glass she takes it with her Whispers from the mirror fill her home and what she sees is not her reflection but a man named Ian trapped inside a glass prison It was left in front of my shop by this old woman who claimed that it was cursed Finally someone who can see me without screaming Oh you have no idea how relieving it is to actually talk to someone other than myself You couldn't save her before and you can't save her now *Stirrings of the Soul* Rashme Ramakrishnan, 2017-04-06 How many paradoxes do we live in How many questions can we possibly raise about our existence How many solutions do we search for How much time do we have left This book

encapsulates all that we can and should probably be looking for Do not be misled by the size of the book for it s the little drops of water that make the mighty ocean It s a must read for anyone searching for the purpose or meaning of life *The Forging and the Death of a Reflection* Dr. Peter J. Swartz,2016-08-01 This work is a memoir As a child and a young man I rarely felt entitled to breath air Emotionally neglected by my father as a teen I left home for a prep school at which I would spend the worst three years of my life Trouble followed two failed attempts at undergraduate college until I found my way to a horseshoeing school out west I was able to work as a professional farrier for several years until a ruptured disc in my back forced a career change I chose psychology as somewhere in the back of my mind the depression I endured as a child motivated me back to school to try to help others eventually becoming a licensed psychologist It was a good fit and I have been practicing for the past twenty five years including many years as an instructor in psychology for Harvard Medical School About seven years ago I acquired tinnitus along with 50 to 60 million other Americans and using my personal practice of meditation developed a program to help myself and my patients manage this chronic illness In short this work traces the forging of a debilitating sense of self and outlines the potential for it s death resulting in a selflessness that connects to the boundless goodness of the universe Lastly I have been helped in no small way throughout by the profound empathy I have shared with many magnificent beasts of the canine variety
