Comments, 1865-1895 Edwin Lawrence Godkin,1895 Mr Froude s attempt to secure from the American public a favorable judgment on the dealings of England with Ireland has had one good result though we fear only one in leading to a little closer examination of the real state of American opinion about Irish grievances than it has yet received He will go back to England with the knowledge which he evidently did not possess when he came here that the great body of intelligent Americans care very little about the history of the six hundred years of wrong and know even less than they care and could not be induced except by a land grant or a bounty or a drawback to acquaint themselves with it that those of them who have ever tried to form an opinion on the Anglo Irish controversy have hardly ever got farther than a loose notion that England had most likely behaved like a bully all through but that her victim was beyond all question an obstreperous and irreclaimable ruffian whose ill treatment must be severely condemned by the moralist but over whom no sensible man can be expected to weep or

sympathize *Deciphering Carlo Ginzburg* Deivy F. Carneiro, Daniel R. B. Dias, 2024-10-30 This book offers an original reading of Carlo Ginzburg's work tracing his trajectory in the context of Italian micro history his debates on the objectivity of historical knowledge and the connection of his work to the expanded perspectives constructed in recent decades by global history Ginzburg's theories have achieved notoriety not only in the field of history but also among the wider public This volume uses Ginzburg's own aesthetic and intellectual practices in its analysis and it deciphers the elements that drove and influenced the making of his work By highlighting the procedures that Ginzburg has constructed to respond to problems of cultural history the book also pays close attention to Erich Auerbach and Aby Warburg whose influences played a crucial role in reformulating Ginzburg's conception of micro history From there the volume demonstrates the radicality of Ginzburg's micro history through the discussion of some of his most recent contributions to international historiographical debates Thought provoking and thoroughly researched *Deciphering Carlo Ginzburg* is an innovative study in Ginzburg's methods and theories **Figures in the Carpet** Wilfred M. McClay, 2007-01-02 *Figures in the Carpet* presents a stellar roster of first rate historians dealing seriously with a perennially important subject The case studies and more theoretical accounts in this book amount to an unusually perceptive assessment of how the person has been viewed in American history **Deep Crustal Seismic Reflection Profiling** B.L.N.
