Reflections on Francis Schaeffer Ronald W. Ruetgegger, 1986

Truth with Love Bryan A. Follis, 2006-09-22

Francis Schaeffer was a well known extremely influential apologist and thinker who made his mark defending orthodox truth in the face of strong opposition. He was foremost in the vocation of apologetic ministry and he was a brilliant man whom God used mightily during the decades of the 1960s, 70s and 80s. In *Truth with Love* Bryan Follis explores the theology and thinking that fueled the ministry of Francis Schaeffer from his Reformed position to his understanding of fundamentalism. Follis examines Schaeffer's apologetic argument and the role of reason in his discussions and writings. The position Francis Schaeffer took against modernism and its applicability in this day of postmodernism are studied as well. This book is a beneficial resource for any Francis Schaeffer fan and any minister, teacher or student who appreciates truth and its defense in the face of different kinds of opposition.

Fundamental Christian Ethics Daniel Heimbach, 2022-11-01. In *Fundamental Christian Ethics* Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues.

The Politics of Virtue Elizabeth Mensch, Alan Freeman, 1993. Fiercely committed to the separation of church and state, thoroughly pluralistic, largely secular. Where does a society like ours find common terms for conducting a moral debate? In view of the crises surrounding the issue of abortion, it is tempting to answer nowhere. In this timely and provocative book, Elizabeth Mensch and Alan Freeman urge that we challenge the extremes of both the pro-life and pro-choice views of the abortion issue and affirm the moral integrity of compromise. Attempting to restore a level of complexity to the discussion and to enrich public debate so that we may move beyond our current impasse, the authors argue that it is essential to understand how issues of legal rights and theological concerns interact in American public debate. Returning to the years leading up to *Roe v. Wade*, Mensch and Freeman detail the role of religion and its relationship to the emerging politics of abortion. Discussing primarily the natural law tradition associated with Catholicism and the Protestant ethical tradition, the authors focus most sharply on the 1960s in which the present terms of the abortion debate were set. In a skillful analysis, they identify a variety of factors that directed and shaped the debate, including among others the haunting legacy of Nazism, the moral challenge of the civil rights movement, the "God is dead" discourse, school prayer, and Bible reading. Harvey Cox's *The Secular City*, the Berrigans and Vietnam, the animal rights movement, and the movement of the church going population away from mainstream Protestant tradition toward evangelical fundamentalism. By criticizing the rhetoric employed by both the pro-choice and pro-life camps, Mensch and Freeman reveal the extent to which forces on either side of the issue have failed to respond to relevant concerns. Since *Roe v. Wade*, the authors charge, public debate has seemed to concede the moral high ground to the pro-life position while the pro-choice rhetoric has appeared to defend an individual's legal right to do moral wrong. Originally published as a special issue of *The Georgia Law Review* Spring 1991, this revised and expanded edition will be welcomed by all those

Weir, 2016-04-25 Have you ever considered the ultimate purposes and consequences of good work performed by non-Christians Have you ever theologically considered the work of non-Christians at all Is it possible that God would ever give credence to let alone honor the work of non-Christians in an ultimate sense Are you frustrated by theologies of work that are entirely protological in orientation How do we make sense of biblical excerpts that talk of work being judged towards a particular outcome The Good Work of Non-Christians Empowerment and the New Creation attempts to answer these questions in a manner that also challenges evangelical assumptions about the ultimate outcomes of working life Drawing strength from eschatologically minded theologies by Miroslav Volf and Darrell Cosden Weir seeks to replace protology with eschatology in a theology of work about non-Christians The British evangelical tradition is specifically taken up here so as to make critical assessments of certain airtight theologies regarding human action with reference to the new creation This book attempts to create a heuristic against unhelpful hermeneutical tendencies that inform evangelical theologies This is a work that is not only theological it is biblically historically and ethically rigorous *Kierkegaard's Influence on Theology: Anglophone and Scandinavian Protestant theology* Jon Bartley Stewart, Tome II is dedicated to tracing Kierkegaard's influence in Anglophone and Scandinavian Protestant religious thought In Britain before World War I the few literati who were familiar with his work tended to assimilate Kierkegaard to the heroic individualism of Ibsen and Nietzsche In the United States knowledge of Kierkegaard was introduced by Scandinavian immigrants who brought with them a picture of the Dane as much more sympathetic to traditional Christianity The interpretation of Kierkegaard in Britain and America during the early and mid-twentieth century generally reflected the sensibilities of the particular theological interpreter Anglican theologians tended to find Kierkegaard to be one-sided in his critique of reason and culture while theologians hailing from the Reformed tradition often saw him as an insightful harbinger of neo-orthodoxy The second part of Tome II is dedicated to the Kierkegaard reception in Scandinavian theology featuring articles on Norwegian and Swedish theologians influenced by Kierkegaard *American Conservatism* Bruce Frohnen, Jeremy Beer, Nelson O.
